Introduction to OKWU

History

The Wesleyan Church founded Oklahoma Wesleyan University in order to provide higher education within a Christian environment primarily for Wesleyan youth. Its predecessor, Bartlesville Wesleyan College, was established on the Bartlesville campus as a result of a series of mergers, which included Colorado Springs Bible College (founded in 1910 in Colorado Springs, Colorado), Pilgrim Bible College (founded in 1917 in Pasadena, California), and Holiness Evangelistic Institute (founded in 1932 in El Monte, California and later named Western Pilgrim College).

In 1959, the Bartlesville campus was purchased, and Colorado Springs Bible College was moved to Bartlesville, Oklahoma. The college, renamed Central Pilgrim College, held its first classes in September 1959. The following fall, Western Pilgrim College was merged with Central Pilgrim College. The name Bartlesville Wesleyan College was adopted in 1968 after the merger of the Wesleyan Methodist and Pilgrim Holiness churches. In the fall of 1972, Miltonvale Wesleyan College (founded in Miltonvale, Kansas by the Wesleyan Methodist Church in 1909) was consolidated with BWC on the Bartlesville campus. During this process of consolidation, a decision was made to create a four-year liberal arts college. In 1974 the Oklahoma State Regents for Higher Education accredited Bartlesville Wesleyan College as a four-year liberal arts, degree-granting institution. BWC received accreditation with the Higher Learning Commission in 1978. Planning to expand its offerings to include graduate degrees, BWC changed its name to Oklahoma Wesleyan University in August of 2001.

Accreditation and Recognition

Oklahoma Wesleyan University holds institutional accreditation with the Higher Learning Commission. OKWU's Bachelor of Science in Nursing is accredited by the Commission on Collegiate Nursing Education. The MSN degree is accredited by the Commission on Collegiate Nursing Education (CCNE). The University's business programs are accredited by the International Assembly for Collegiate Business Education.

OKWU's education programs are accredited by the Oklahoma State Regents for Higher Education and the National Council for Accreditation of Teacher Education. OKWU's teacher education graduates meet the academic requirements for licensure by the Oklahoma State Department of Education in elementary education (1-8), physical education (K-12), and secondary English, math, and social studies education (6-12).

All programs of Oklahoma Wesleyan University are approved by the Oklahoma State Accrediting Agency for the Training of Veterans under Public Law 550. The University is approved by the United States Department of Justice for training of international students. Programs delivered in Coffeyville, Kansas, through our Adult and Graduate Studies division, are approved by the Kansas Board of Regents. Oklahoma Wesleyan University has an affiliated relationship with the American Association of Colleges of Nursing.

Location

Bartlesville, Oklahoma (population 36,068) is located 40 miles north of Tulsa and 20 miles south of the Kansas state line. Because Bartlesville served as the long-time global headquarters of Phillips Petroleum Company (now ConocoPhillips and Phillips 66), the city hosts more cultural opportunities than one would expect for its size, including a symphony, ballet, and an international music festival, known as OK Mozart.

Campus

OKWU's scenic 27-acre campus is located in a quiet residential area of the city. An eight-acre athletic facility and a 70-acre nature study area are located 1/4 mile north of the main campus. Currently, the University also offers non-traditional programs at multiple sites throughout the state of Oklahoma. We also have a site in Coffeyville, Kansas.

Academic Calendar

The traditional programs of the University operate on a semester basis and offer a summer school program. The non-traditional programs (offered through the Office of Adult and Graduate Studies) operate on a year-round, term basis.

Curriculum

Credit courses are offered in five schools: Arts and Sciences, Business, Education, Nursing, and Ministry and Christian Thought.

Degrees

The University grants the Master of Business Administration (MBA), the Master of Education (MEd), the Master of Nursing (MSN), the Master of Science in Strategic Leadership (MSL), the Bachelor of Arts (BA), the Bachelor of Science (BS), the Bachelor of Science in Nursing (BSN), the Associate of Applied Science (AAS), and the Associate of Arts (AA) degrees. Graduate degree programs are listed in the OKWU Graduate Catalog.

Enrollment

More than 1200 students from across the United States and around the world are currently enrolled in undergraduate programs at OKWU.

Faculty

OKWU's highly-qualified, full-time faculty are augmented by adjunct faculty who are specialists in their areas of instruction.

Financial Aid

An excellent scholarship program has been established at Oklahoma Wesleyan University. Substantial financial aid in the form of grants, loans, and employment is available to those who qualify through the Free Application for Federal Student Aid and are willing to work in appropriate assignments. Approximately 98% of OKWU undergraduate students receive some form of financial aid.

Library

The library houses over 100,000 items and has been aggressively growing the University's electronic resource collection.

Intercollegiate Athletics

The following intercollegiate sports are available at OKWU: baseball (men's), basketball (men's and women's), cross country (men's and women's), golf (men's and women's), soccer (men's and women's), softball (women's), tennis (men's and women's), track and field (men's and women's), volleyball (women's), and wrestling (men's). The University also has an active intramural and recreational program. OKWU is a member of the National Association of Intercollegiate Athletics (NAIA) and the National Christian College Athletic Association (NCCAA).

Alumni

The Alumni Association includes all former students (who took 24 credit hours or more at OKWU) and all graduates of Oklahoma Wesleyan University (including all schools which have merged with OKWU to form the present institution).

University Catalog Right to Change Policy

The University reserves the right to make changes of any nature to the calendar, admission requirements, degree requirements, fees, regulations, course offerings, programs or academic schedules whenever they are deemed necessary or desirable, including changes or modification of course content, class scheduling, offering patterns, cancelling of scheduled classes or other academic activities.

The Oklahoma Wesleyan University Catalog does not establish a contractual relationship; rather it sets forth academic and other requirements that students must meet to be granted a degree and, in some circumstances, to continue to be enrolled at the institution. While advisors and other Oklahoma Wesleyan University personnel are available to guide students with respect to requirements, students ultimately bear the responsibility of following the requirements.

Students should view the University Catalog for college and program specific information.

The University Catalog is published annually. It provides information and procedures. It is the student's responsibility to become familiar with and adhere to the procedures contained within the University Catalog.

OKWU Distinctives

Oklahoma Wesleyan University believes that its Mission, Statement of Purpose, Diversity and Unity, Institutional Objectives, Philosophy of Christian Liberal Arts Education, General Education Objectives, and Doctrinal Statement reveal the distinctive advantages students will enjoy when they choose to attend this institution.

Our Mission

As an evangelical Christian university of The Wesleyan Church, Oklahoma Wesleyan University models a way of thought, a way of life, and a way of faith. It is a place of serious study, honest questions, and critical engagement, all in the context of a liberal arts community that honors the primacy of Jesus Christ, the priority of Scripture, the pursuit of Truth, and the practice of Wisdom.

Statement of Purpose

Foundation — Oklahoma Wesleyan University, an educational institution of The Wesleyan Church, has its roots in the Wesleyan theological tradition. This foundation rests on the Lordship of Jesus Christ, emphasizes a Christian worldview, and promotes a life of service.

Scholarship — The mission encompasses the integration of faith and learning in educational experiences designed to enhance scholarship, life-long learning, career opportunities, and Christian discipleship.

Character — The mission and values that OKWU promotes reflect the aim to develop genuine Christian character in all members of the University community.

Integrity — We promote and expect ethical and responsible behavior based on Biblical standards from all members of the University community.

Servanthood — We encourage care and compassion in order to foster in our students the desire to live out lives of service to both God and people everywhere.

Community — In order to achieve our mission, we operate as a caring, evangelical, Christian community with an academic focus.

Stewardship — We manage resources entrusted to us in a respectful and responsible manner in order to advance the work of God's Kingdom.

Doctrinal Statement

THIS WE BELIEVE:

1. That the Bible, composed of the Old and New Testaments, is the inspired and inerrant Word of God and is the supreme and final authority in faith and life.
2. That there is one God, eternally existing in three Persons: Father, Son, and Holy Spirit.
3. In Jesus Christ as truly God and truly man, His virgin birth, His vicarious death, His bodily resurrection, and His promised second coming.
4. In the personality of the Holy Spirit and that the Spirit's ministry is to reveal Christ unto mankind.
5. That God created mankind and the universe by special operation of divine power.
6. In the fall of mankind and the consequent sinful nature of all humanity which necessitates a divine atonement.
7. In justification by grace through faith and in regeneration by the Holy Spirit, who makes the penitent believer a new creature in Christ; and that, although God holds tenaciously to His own, it is possible for believers to repudiate faith in Christ, and unless they turn back to saving faith, be eternally lost. But by the grace of God such persons may by true repentance and faith find forgiveness and restoration.
8. That entire sanctification is an act of divine grace wrought in the believer through an act of the Holy Spirit whereby the Spirit takes full possession, cleanses, and equips for service on condition of total surrender and obedient faith.
9. That the gifts of the Spirit are given to believers as God wills for the purpose of edifying and strengthening believers and are not the evidence of the Spirit's fullness, nor are they necessary for salvation. We affirm the miraculous use of languages and the interpretation of languages in its Biblical and historical setting; however, speaking or praying in an unknown language is not the evidence of the baptism with the Holy Spirit (or of the entire sanctification which the baptism accomplishes) and is therefore not to be promoted among us.
10. In the personal existence of Satan.
11. That the Scriptures plainly teach the bodily resurrection of the just and the unjust, the everlasting happiness of the saved, and the everlasting and conscious suffering of the lost.
12. That all true Christians, assisted by the Holy Spirit, give evidence of a true faith by their good works and social concern.

Institutional Objectives

Institutional Objectives align with each of the four pillars of the OKWU Mission statement, as captured below. Each Institutional Objective is supported and measured by University-wide goals and Departmental Plans.

Mission Pillar	Institutional Objective
The Primacy of Jesus Christ	Promote an understanding of and commitment to Jesus Christ as the incarnate Son of God, the Alpha and Omega, the Beginning and the End.
The Priority of Scripture	Produce knowledge of the Bible as the inerrant, infallible, authoritative Word of God.
The Pursuit of Truth	Develop creative thinking, cultural appreciation and the objective understanding of knowledge relevant to each discipline of study.
The Practice of Wisdom	Inspire Godly conscience, responsible exercise of freedom and commitment of service to others.

Philosophy of Christian Liberal Arts Education

The purpose of OKWU's Christian liberal arts education is to help students fulfill the divine mandate to explore and bring under dominion the whole range of knowledge for the glory of God and the good of humankind and nature (Gen. 1.28; Matt. 22.37-40). This purpose is founded upon the conviction that all truth is God's truth and that truth, therefore, is one. **In order to fulfill the Genesis mandate, we believe that students must master significant content and knowledge of a Christian worldview, of God's created order and of human tradition. We believe that students must also master the skills needed to responsibly interpret and practice the truths derived from this content base. These skills include the ability to integrate and apply critical thinking, communicate effectively and collaborate with others.**

The formal courses of study in each degree program at OKWU contain two main elements. The first of these elements, the general education program, is designed to introduce students to OKWU's scriptural philosophy of Christian liberal arts education, to expose students to God's truth in its breadth, and to train students to effectively recognize and communicate that truth. **Courses in Biblical and Christian studies provide students with a strong knowledge of a Christian Worldview. Courses in the natural sciences, mathematics and physical education, for example, give students the opportunity to study the intricate workings of the created order. Courses in history, humanities and social sciences help expose students to the important traditions of religious, artistic, and historical knowledge. General education requirements create a strong foundation for both critical thinking skills and cultivating the ability to collaborate with others.**

Furthermore, courses in composition and speech equip students with the ability to communicate their knowledge in a manner that will benefit their neighbors. It is only thus equipped that students are prepared to significantly benefit from the second element of OKWU's Christian liberal arts education—i.e., courses in a major field. These major-field courses have two basic functions: 1) to contribute to the wholeness of knowledge by providing content depth not practicable in the broad general education program; 2) to prepare students to make a living or, more properly, to prepare students for a life of service to God and mankind. OKWU's philosophy of education does not stop, however, at the classroom door. Indeed, all University experiences should allow students to show their love for God with their whole hearts, souls, minds, and strength. This integrated approach allows students to bring knowledge they have learned from the Music Theory classroom to the selection of worship songs for chapel or the skills learned in the Speech classroom to the presentation of an invocation or testimony in chapel. This unified approach allows students to view even the most tedious homework assignment as an opportunity to show their love for God with their whole minds. Dorm quiet hours can become an act of loving one's neighbor as oneself. The intramural soccer game can be transformed into a vehicle for honoring one's body as "the temple of the Holy Spirit" (1 Corinthians 6:19). The serving of meals in the local homeless shelter can be understood not only as ministering to one's brothers and sisters, but as ministering directly to our Lord Jesus Christ (Matt. 25:34-40).

The philosophy of Christian liberal arts education at OKWU, then, honors the primacy of Jesus Christ, the priority of scripture, and the pursuit of truth through its two formal educational elements and encourages the practice of wisdom through its informal educational experiences. Combined, these provide the lens for all learning and the foundation for all living at OKWU. Oklahoma Wesleyan University honors four pillars: **The primacy of Jesus Christ**...as the incarnate Son of God – the Alpha and Omega, the Beginning and the End – who is the lens for all learning and the Lord of our daily lives. **The priority of Scripture** ... as the inerrant and authoritative written Word of God that guides us in all matters of faith, learning, and living. **The pursuit of Truth**... as an objective, attainable reality, grounded in the person and example of Jesus Christ and anchored in the Bible. **The practice of Wisdom**... as the goal for all members of the University community, who work to promote healing and wholeness in a broken culture and hurting world.

OKWU General Education Objectives

Oklahoma Wesleyan University aims to enable students to love God with the whole heart, soul, mind, and strength and love their neighbors as themselves. The objective of the University's general education program, therefore, is to equip students with the knowledge and skills that will enable them to do this.

OKWU graduates should be able to demonstrate a useful knowledge of a Christian worldview, God's created order, and human tradition.

1. Knowledge of a Christian Worldview

- a. Demonstrate knowledge of the major theological, philosophical, historical, and political themes of the Bible.
- b. Demonstrate knowledge of the exemplary life and major teachings of Christ.
- c. Demonstrate the ability to articulate a Christian worldview in regard to the primacy of Jesus Christ, the priority of scripture, the pursuit of truth, and the practice of wisdom.

2. Knowledge of God's Created Order

- a. Mathematics: Explain information presented in mathematical forms (such as equations, graphs, diagrams, tables, words, etc.), model real-life situations using mathematics, and demonstrate proficiency in solving basic equations; demonstrate an understanding of the Christian worldview of mathematics as an approach to truth and a reflection of the wisdom and perfections of God.
- b. Natural Sciences: demonstrate an understanding of the natural sciences, including both their scientific method and their fundamental concepts (of at least one discipline); demonstrate an understanding of the Christian worldview of the natural sciences as an approach to truth, integrated with Scripture, to both understand the works of God as Creator and ethically use its discoveries and technologies.

3. Knowledge of Human Tradition

- a. History: demonstrate an understanding of significant political, economic, social, and historical trends; demonstrate an understanding of government in the United States; and demonstrate an understanding of the Christian worldview of God's work in history.
- b. Arts and Letters: demonstrate knowledge of the important artists, works, and meaning of at least one art form; demonstrate knowledge of the interaction of form and content in art; and demonstrate knowledge of scriptural reasons and methods for engaging art.
- c. Social Sciences: demonstrate an understanding of the study of social or behavioral science; demonstrate a biblical understanding of what it means that persons are made in the likeness of the Creator, and demonstrate an understanding of the Christian foundation for spiritual, psychological, and relational health.

OKWU graduates should be able to think critically, communicate effectively, and collaborate with others.

4. Integrate and Apply Critical Thinking

- a. Reason: be able to apply Christian logic effectively (e.g. knowledge of scripture, the life/teaching of Christ) and created order (e.g. human, reason, traditional interpretations and methodology), and personal experience to analyze problems,

to support arguments, and thereby to discern truth critically; be able to apply sound rules of deduction and inference in formal analyses that draw connections between specific observations and generalizations derived from these observations.

- b. Research: be able to demonstrate information literacy by effectively collecting and evaluating resources and data in order to incorporate evidence smoothly and convincingly into original work.
- c. Argumentation: be able to persuasively argue one's position by supporting advantages and refuting objections, while demonstrating an ability to distinguish between fact and opinion and between specific evidence and general claims.

5. Communicate Effectively

- a. Written Communication: be able to write an essay on an assigned topic that demonstrates an awareness of audience, that is coherently governed by a focused thesis, and that is organized, specifically supported, clear, logical, concise, formal, stylistically varied and original, mechanically clean, and properly documented.
- b. Presentational Communication: be able to prepare and deliver an oral presentation on a topic which has all the characteristics of a written essay (above) and which is competently delivered.

Diversity and Unity

Diversity at Oklahoma Wesleyan University can best be described in the words of the Apostle Paul as he challenged his parishioners in Rome, Corinth, and Galatia to pursue unity rather than division. By definition St. Paul's ministry was diverse and multi-cultural in that he spoke multiple languages, embraced multiple races, and navigated multiple socio-economic realities. In all this Paul was consistent: He included all, excluded none, and celebrated many members while always emphasizing one body.

- He instructed the Romans to embrace synergy not separation: "For as in one body we have many members... so we, though many, are one..." (Romans 12:4,5).
- He told the Galatians to beware of balkanization: "There is neither Jew nor Greek... for you are all one in Christ Jesus." (Galatians 3:28).
- And he taught the Corinthians to embrace inclusion: "The eye cannot say to the hand, 'I don't need you!'... Now you are the body of Christ, and each one of you is a part of it." (1 Corinthians 12: 21,27).

So it is at Oklahoma Wesleyan University. Diversity for us is a verb more than a noun. It is the act of pursuing unity in the midst of differences. It is *E Pluribus Unum* – Out of many one. It is judgment that sees the content of a man's and woman's character not the color of their skin. It is the celebration of the *university* - *uni-verities* – *uni-veritas*: The unity of truth.

In this context, Oklahoma Wesleyan University opens its doors to all people who desire an education grounded in the *pursuit of truth*, the *practice of wisdom*, the *primacy of Jesus Christ* and the *priority of Scripture*. As a university, we seek to be a reflection of the racial, socio-economic and other demographic realities of our basic region while simultaneously equipping the students we serve to adapt professionally to changes in a global society.

Statement on Human Sexuality

At Oklahoma Wesleyan University we are committed to a biblical worldview that seeks to glorify God, recognizing and affirming Christ as King in every aspect of the created order and in every sphere of human endeavor. There is nothing over which he is not pre-eminent and to which the Bible is irrelevant. As such, our mission as a Christian University is to equip students in mind and character, to help them connect the rigorous work of the mind to the Word's renovating work in the heart – thus facilitating an intellectual and spiritual transformation. The desired outcome is an inherently consistent inner life manifested in a lived-out spirituality that we call character.

In order to facilitate this process of Christ-like character development, we knowingly and voluntarily embrace and commit to community standards of conduct that we believe are congruent with Biblical standards and conducive to a life of intellectual, physical and spiritual integrity. We aspire to be a University community where thoughtful engagement with the deepest questions of life can be examined in light of the realities of our common human sinfulness and brokenness. These (as found in our Student and Employee Handbooks) reflect and express our desire and commitment to help the members of our community to live a Biblical life that is also in full compliance with the teachings and doctrines of The Wesleyan Church (<https://www.wesleyan.org/a-wesleyan-view-of-gender-identity-and-expression-2275>) and to, thereby, develop a Christ-like maturity in their daily practices, and to encourage a healthy, vibrant Christian University community.

In keeping with our mission and our commitment to Biblical fidelity, all members of the University community are expected to follow the teachings of Scripture. We believe that the final authoritative and trustworthy norm for proper moral judgments is what God has revealed in His Word. Therefore, OKWU affirms that sexual intimacy is designed by God to be expressed solely within a marriage between one man and one woman. This view of sexuality and marriage is rooted in the Genesis account of creation, reflected in the teachings of Jesus Christ himself, and is maintained consistently throughout Scripture. It is a view based on the Biblical teaching of monogamy – that God designed sexual union for the purpose of uniting one man and one woman into a permanent, lifelong, one flesh union in the context of marriage. God created two complementary forms of humans, male and female, to bear His image together (Gen. 1:27-28), and ordained that the first human pair was to become one flesh (Gen. 2:23-24). These and other similar passages show that God views sex, procreation and marriage as good, and that male and female are necessary counterparts – differentiated partners – in a sexual complementarity. Sexual intimacy and the sexual union of intercourse between a man and a woman are intended for a purpose – to join one husband and wife together into one flesh in the context of marriage (I Cor. 6:16).

Our marriages on earth model the relationship between Christ and His bride, the church (Ephesians 5:31-33), a melding that the Apostle Paul calls "a profound mystery." This God-initiated oneness, as detailed in Genesis, is clearly recognized and affirmed by Jesus in terms of the marital union of husband and wife (Matt 19:4-6). Any sexual intimacy outside of such marriage violates God's design for marriage, and is thus to be understood as one of the disruptive consequences of the fall (Romans 1:18-32).

Thus, God's design for marriage and sexuality is the foundational reason for viewing acts of sexual intimacy between a man and a woman outside of marriage, and any act of sexual intimacy between two persons of the same sex, as unbiblical and illegitimate moral options for the confessing Christian. Sexual relations of any kind outside the confines of marriage between one man and one woman are inconsistent with the teaching of Scripture, as understood and affirmed by Christian churches throughout history. On the other hand, chastity in the form of sexual purity for the unmarried person and chastity in the form of sexual faithfulness in marriage are blessed and affirmed. Therefore, as part of living out a consistent, Biblical life, one dedicated to

the pursuit of Christ-likeness, all members of the University are expected to avoid sexual intimacy outside of heterosexual marriage and to never encourage or promote the same in others. Indeed, whatever one's personal inclinations or proclivities, our identity and personhood in Christ is the same: sexual purity manifest among the married as complete faithfulness and by those who are unmarried by living a chaste life (1 Thessalonians 4:3-8).

Sexual purity honors God. For those in our community who are attracted to persons of the opposite sex and struggle to maintain sexual purity, as well as for those in our community who struggle with same-sex attraction, we pledge to hold each other accountable to choose behaviors consistent with Christian teaching and all concurrent Oklahoma Wesleyan University policies. We believe, in accordance with Scripture, that we are all sinful and that we are all prone to sin in different ways. We believe that God who knows us intimately, all of our thoughts and deeds, provides not only redemption through Christ, but also promises forgiveness for all of our sins and the freedom to choose to live above the power of sin. Therefore, a primary goal is to help each student and member of the OKWU community to grow in Christ in the midst of his or her unique history and struggles and discern how to walk righteously with Him and others along the way.

Finally, OKWU holds to the Biblical principle that all human beings are "fearfully and wonderfully made" with a clear and distinct biological gender that identifies them as male or female. Therefore, consistent with Biblical teaching and with The Wesleyan Church Disciplines, the University does not permit any members of its community (faculty, staff or student) to choose behaviors that disregard or discourage such gender distinctions. Behaving in ways that compromise or confuse one's biological gender identity as given by God at birth is considered a personal choice that is inconsistent with Biblical precepts and the doctrine of The Wesleyan Church, and, accordingly, is not permitted by OKWU's codes of conduct.

General Grievance Policy

Regulations associated with the federal student financial aid program include the following requirements: "The institution must make available for review to any enrolled or prospective students upon request, a copy of the documents describing the institution's accreditation and its State, Federal, or tribal approval or licensing. The institution must also provide its students or prospective students with contact information for filing complaints with its accreditor and with its State approval or licensing entity and any other relevant State official or agency that would appropriately handle a student's complaint." The following paragraphs and links fulfill these obligations.

Accreditation

Information concerning OKWU's institutional and specialized accreditations is available on the accreditation page of the website (<http://www.okwu.edu/accreditation/>).

State Authorizations

OKWU complies with Title 70 O.S §4103 and may operate educational programs beyond secondary education in Oklahoma. For more information related to OKWU's state authorizations, please contact the Office of Operational Innovation at 918-335-6212 or rglassshowler@okwu.edu.

Federal Authorizations

Title IV of the Higher Education Act of 1965 governs the federal student aid programs. OKWU is authorized to participate in federal Title IV programs. Application is made through the Title IV Program Participation Agreement. Should a student wish to review the PPA, he or she should contact the Financial Aid Office at financialaid@okwu.edu or 918-335-6282.

Grievance Policy and Process

Complaints regarding any aspect of OKWU operations should be filed in writing to the appropriate OKWU office. Complaints should be filed internally to the OKWU authorities first and then, if necessary, to external authorities. Students seeking to make an appeal to an external source should use the information below to contact the correct office.

For academic issues, the student should refer to the Academic Grievance Policy on page 44.

For non-academic issues,

- Adult & Graduate Studies (online and on-ground) students would seek resolution with the Director of the particular office first. If not satisfied with the resolution, a formal written complaint can be sent to Vice President of Enrollment Services, care of Samantha Peterson, speterson@okwu.edu.

External Contacts for Student Complaints

- On-ground students taking classes in Oklahoma: Oklahoma State Regents for Higher Education <http://www.okhighered.org/current-college-students/complaints.shtml>
- On-ground students taking classes in Kansas: Kansas Board of Regents <http://www.kansasregents.org/academic-affairs/private-out-of-state/complaint-process>
- Oklahoma State Regent's Office or, where applicable by state law, the state department of higher education in the student's home state of residence
- Accreditor (Higher Learning Commission): <http://hlcommission.org/HLC-Institutions/complaints.html>

Student Life

As a community committed to Biblical thought, behavior, and Christ-centered relationships, Oklahoma Wesleyan University has certain student life expectations and opportunities. One of the primary reasons leading students to come to Oklahoma Wesleyan University is the Christian community that is offered within the context of earning a university degree. OKWU students are encouraged to make personal choices that will reflect their desire to grow in their relationship with Christ. If students need help in developing an effective devotional life, they are encouraged to visit with a member of the Student Life staff.

The following paragraphs highlight a few of the more important student life policies and opportunities for undergraduate students at OKWU.

Student Services

Academic Advisement — Each student is assigned an Academic Advisor upon matriculation to the University. The advisor is the student's constant contact for all academic and student service matters.

Bookstore — OKWU Bookstore is located in the Haltom Campus Center. Students may purchase required and recommended text materials as well as school supplies, athletic wear, small gift items, and OKWU memorabilia. The Bookstore is designed to be a "service center" for the campus. Personal checks, VISA, MasterCard, American Express, and Discover are all accepted. The Bookstore also provides special order services as well as itemized receipts for students who are employed by a company that reimburses for textbooks.

Computer Labs — Computers are available for student use in Drake Library. Printing is also available in the Library for students.

Library

The Library staff works closely with students to provide reference assistance, to help develop information literacy, and to help students fulfill class assignments. More information on library services is available on OKWU's extensive [library website](#).

UNDERGRADUATE ADMISSIONS INFORMATION

In compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendment of 1972, Oklahoma Wesleyan University does not discriminate on the basis of race, color, national origin, or sex in any of its policies, practices, or procedures.

Students are admitted to Oklahoma Wesleyan University provided that they agree, in general, to the academic and social standards of the University. The University does consider character and personal maturity, as well as intellectual ability and scholastic achievements, as criteria in accepting students.

Admission Classifications

All applications will be reviewed by the Enrollment Services staff. Acceptance is granted under one of the following classifications:

Regular Acceptance — First-time freshmen are granted regular acceptance if they have achieved any two or more of the following: high school GPA of 2.0 or higher, 18 on ACT or 860 on SAT, or ranked in the upper half of their high school graduating class. Transfer students are granted regular acceptance if they have an overall college GPA of 2.0 or higher.

Probationary Acceptance — Those first-time freshmen who do not meet two or more of the criteria for regular acceptance and those transfer students who have an overall college GPA below 2.0 or who are on suspension at their most recent academic institution may be admitted under probationary acceptance. For those granted probationary acceptance, continued enrollment at OKWU will depend upon their performance during the first semester of attendance.

Special Acceptance – Non-degree seeking students special acceptance. Students admitted under this classification must apply for regular acceptance if they desire to enter a degree program.

Admission to Oklahoma Wesleyan University is guided by the best available predictors of academic success of an applicant. Admission is based on the careful review of all credentials presented by applicants. Due to the unique design of the non-traditional programs, students who are enrolled in a traditional program at Oklahoma Wesleyan University are not eligible for admission to Adult and Graduate Studies programs. In compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendment of 1972, Oklahoma Wesleyan University does not discriminate on the basis of race, color, national origin, or sex in any of its policies, practices, or procedures.

The University reserves the right to admit only students who hold promise of academic success and whose personal character and lifestyle are consistent with the mission and purpose of the institution.

General Admission Criteria

All prospective undergraduate students must have earned a high school diploma or a recognized high school diploma equivalency exam, such as GED (General Education Development), HiSET (High School Equivalency Test) or TASC (Test Assessing Secondary Completion). Admission to the University does not guarantee admission into any specific majors and/or programs. The University recognizes the following categories of undergraduate prospective students:

- (1) Those entering with a high school diploma
High school graduates must submit an official high school transcript with graduation date and meet *2 out of 3 criteria*:
 1. High School GPA of 2.0 or higher

2. SAT/ACT scores of 860/18 or higher
3. Ranked in upper half of graduating class

(2) With an official high school equivalency diploma

(3) Those entering from another college or university*

1. With fewer than 24 attempted semester credits, official college transcripts and either a. or b.
 - a. Official high school transcript, showing graduation date (must meet 2 out of 3 criteria):
 - 1) High School GPA of 2.0 or higher
 - 2) SAT/ACT scores of 860/18 or higher
 - 3) Ranked in the upper half of graduating class
 - b. Those entering with a high school equivalency diploma
 - 1) Official credentials from GED, HiSET or TASC
 - 2) SAT/ACT scores of 860/18 or higher OR tests for placement if no scores are available
2. With 24 or more attempted semester credits must have a college GPA of 2.0 or higher.

*Students who are on suspension at their most recent college or University will be considered for probationary admission only.

(1) Non-Degree Seeking and Audit

- a. Non-Degree Seeking and Audit
 - 1) Application form
 - 2) Non-degree seeking students may take up to 9 credit hours before submitting formal admission documentation.
 - 3) Students desiring to audit a Nursing course must petition the Nursing Faculty Council for approval before enrolling.

Students Applying for Readmission

Former students of OKWU who have withdrawn from the university or who have been withdrawn, suspended, or dismissed from the university must make an application for readmission. Students who were withdrawn or suspended must file a written appeal to the Readmission Committee and cannot be admitted until an approved appeal has been granted.

As part of the Readmission Application, students must submit all official transcripts of all institutions attended since last date of enrollment at OKWU.

Students returning to the University after an absence of more than 24 months will continue under the requirements of the newest *University Catalog*.

International Student Admission Criteria

In addition to meeting the appropriate set of criteria listed above, those whose first language is not English must have a suitable TOEFL score (69 internet-based, 190 computer-based, or 525 paper-based), and all prospective international students must have proof of financial support and a specified cash deposit in U.S. dollars.

No international applications for admissions will be considered until all required documents have been received, including proof of financial support and current copies of the I-94, passport, F-1 Visa, and I-20. International applicants may not consider themselves admitted to the University until they have received an official letter of acceptance and, if applicable, an I-20 issued by OKWU. International transcripts must to be evaluated by an approved organization, i.e. World Education Services (www.wes.org), AACRAO (www.aacrao.org), InCred

(<http://www.playnaia.org/InCred>), or National Association of Credential Evaluation Services (<http://www.naces.org/members.htm>), and an official copy of the international transcript needs to be submitted to the Admissions Office.

If using WES ICAP, the transcript evaluation service that sends authenticated academic transcripts along with the WES evaluation report, OKWU will accept the authenticated academic transcripts received via WES ICAP as OFFICIAL.

All international students must provide 50% of the payment due by the first day of class each term. In addition, the balance must be paid in full prior to beginning the next term. International students will not be allowed to carry a balance into an upcoming term.

International/Foreign applicants who reside outside of the United States during their enrollment at OKWU are allowed to enroll in online programs exclusively. These students will not be issued an I-20 nor will they have an F-1 Visa, therefore they cannot attend on campus courses.

Undocumented Student Admission Criteria

These students are foreign-born students who lack documentation to establish their immigration status.

In addition to meeting the appropriate set of criteria listed under General Admission Criteria, undocumented students must:

- Be a graduate from a US high school.
- Provide proof of financial support and a specified cash deposit in U.S. dollars.
- Submit an Affidavit of Intent.
- Provide 50% of the payment due before the start of classes.
- Remain current with the payment plan that is established after initial deposit is made.

Undocumented students are not eligible for federal sources of financial aid. Oklahoma residents may be eligible and should contact the Oklahoma State Board of Regents to determine eligibility. Individuals may qualify for OKWU aid but must apply and meet eligibility requirements.

Undocumented students must provide 50% of the payment due by the first day of class each semester and the balance must be paid in full prior to beginning the next semester. Students will not be allowed to carry a balance into an upcoming semester.

Admission on Academic Probation

Students who do not meet the admissions criteria may be considered for admission on academic probation. Students in all degree programs, other than Nursing, must earn a first term GPA of 2.0. (Nursing students should see the RN-BSN Undergraduate Admission section for more program specific information). Also, students admitted on academic probation must successfully complete 67% of courses taken. Successful completion of courses does not include "F", "W", voluntary drops, or drops due to non-attendance. The student admitted on academic probation, who does not meet the minimum GPA requirement in their first term, will be suspended from the university and removed from all future courses. For more information about Academic Probation or Suspension, please see the Student Academic Progress section of this catalog.

Program-Specific RN-BSN Undergraduate Admission Criteria

Nursing applicants must meet additional requirements in order to be admitted to any specific undergraduate major or programs. Admission to the RN to BSN degree-completion program requires a college GPA of 2.5, an unencumbered valid RN license, and an Associate Degree with a major in Nursing from a regionally accredited institution with at least 60 transferable college credit hours. Applicants with a Diploma from a hospital school of Nursing may transfer in 40 credit hours. For more detail, see the School of Nursing RN-BSN section of the Catalog.

In order to be eligible to meet the RNBSN graduation requirements, students admitted on academic probation must achieve a high enough GPA to raise his/her cumulative GPA to the 2.5 cumulative GPA required for graduation. Therefore, within the student's first 12 hours at OKWU, an average GPA of 3.0 must be achieved. Failure to meet this standard may result in dismissal from the program. Additional course progression standards apply. For more detail, see the School of Nursing RN to BSN section of the catalog.

Undergraduate Application Process

To apply for admission to an undergraduate Adult and Graduate Studies program, students must submit the following:

1. A completed application, with a \$25 non-refundable application fee. Application fees are considered one-time fees; application fees are waived for those who apply online and at the discretion of the Director of Enrollment Services.
2. Completed applications and resulting assessment records are valid for 15 months; if students have not started a program within 15 months, a new application for reassessment under the new *University Catalog* will be required. Undergraduate and graduate application fees are considered one-time fees; application fees are waived for those who apply online.
3. An official high school transcript with graduation date or official high school equivalency credential must be provided by applicants with 24 or fewer semester credits from previous college-level work or with military-only credits.
4. Official transcripts from all Regionally or Nationally accredited college-level work and/or official high school transcript or high school equivalency diploma credential. Failure to provide a complete record of all college-level academic work may result in students not being accepted into the University or if already enrolled, being administratively withdrawn from the University.
5. A copy of current United States RN licensure must be provided by Nursing applicants.

Applicants must be respectful of the Christian mission of Oklahoma Wesleyan University. Individual consideration will be given to applicants who may not meet all of the specific requirements. Withdrawal may be required should an applicant intentionally withhold or falsify information.

Christian Worldview Core (CHAL) Courses

- Students pursuing a Bachelor degree will take 12 credits of Christian Worldview Core (CHAL) courses: CHAL 1613 Old Testament Survey, CHAL 1733 New Testament Survey, CHAL 3523 Biblical Perspectives, and CHAL 3103 Christian Worldview and Apologetics.
- Students entering with junior standing (60 or more semester hours) will be required to take two of the following: CHAL 1613 Old Testament Survey, CHAL 1733 New Testament Survey, CHAL 3523 Biblical Perspectives, or CHAL 3103 Christian Worldview and Apologetics.
- Students entering OKWU with senior standing (90 or more semester hours) will be required to take one of the following: CHAL 1613 Old Testament Survey, CHAL 1733 New Testament Survey, CHAL 3523 Biblical Perspectives, or CHAL 3103 Christian Worldview and Apologetics.

Acceptance of Transfer Credits

Transfer courses from other institutions that are members of regional or faith-based accrediting organizations that are recognized by the Council for Higher Education, must be evaluated for approval as meeting OKWU general education or elective requirements.

Transfer of D's: OKWU will post to student transcripts only courses in which a "C-" or higher has been earned. Students may petition the Registrar to transfer in up to 6 hours of "D" or "D+." Grades of "D" or "D+" may not be used to satisfy requirements in Written Communication 1 or 2. Posted credits may not necessarily satisfy major or program requirements.

Transfer credits are generally not applied to the courses in the major. In very rare cases, exceptions up to a maximum of two courses (with approval of the appropriate Dean and the Vice President of Adult and Graduate Studies) may be made in individual cases, but only when the content of the course is equivalent to a major sequence course for the baccalaureate degree and only three hours (one course) for the associate degree.

Transfer credits will be entered on the student's OKWU transcript only after the successful completion of at least one course.

Associate Degree Transfer Policy

In order to facilitate the seamless transfer of students into Bachelor programs, Oklahoma Wesleyan University adheres to the guidelines below for our Associate in Arts, Sciences and Applied Science degrees:

1. Students must have earned their associates degree from a college or university that holds regional accreditation with one of the six regional accrediting agencies (North Central, Southern, Middle States, Northwestern, Western, or New England). This policy does not cover degrees earned from international universities that do not hold US regional accreditation.
2. The courses in the curriculum for an A.A., A.S., or A.A.S. degree plan will be accepted as satisfying the general education for bachelor's degrees Oklahoma Wesleyan University ("OKWU").
 - a. Provided the student follows the academic plan for both the associate degree programs and the baccalaureate degree program, the student will be able to complete the baccalaureate degree program in 126 credit hours, the same number as required for a student who's earned their A.A., A.S. or A.A.S. at OKWU (native student).
 - b. All students must complete Ministry and Christian Thought courses that are part of the OKWU general education requirements.
 - c. Students may have to complete some general education or prerequisite courses in cases where such coursework is required.
 - d. Individual state general education stipulations that apply to our online programs must be met.
3. Students will be able to complete the baccalaureate program in the same number of hours as required for a native student, provided the student follows the academic plan of both the associate degree program and the baccalaureate degree program.

ADVANCED STANDING

Advanced standing will be determined from all transcripts received according to the following conditions:

Junior Colleges: Credits will be accepted from junior colleges to meet lower division requirements only.

Senior Colleges: Generally, credit is accepted without condition from a four-year college or university that is a member of a regional or faith-based accrediting organization that is recognized by the Council for Higher Education, provided there is no duplication among major courses, general education requirements and electives eligible for transfer. Acceptance of a course (or courses) does not necessarily mean that those courses can/will be applied to the student's graduation requirements.

Non-Collegiate Work: Credit for veterans' training and other non-collegiate work is given in accordance with the credit recommendations published by the American Council on Education (ACE). For life-learning credits to be placed on an OKWU transcript, the student must have completed 12 or more hours at OKWU with a GPA of 2.0

Correspondence Courses: To insure transferability of a course taken by correspondence, a student must have prior written approval from the OKWU Registrar. Up to six hours of coursework may be taken via correspondence.

Testing: Credit by examination of OKWU approved tests is awarded through Oklahoma Wesleyan University with official test scores from an official testing center.

Non-Accredited Schools: Work from non-accredited schools (schools not a member of a regional or faith-based accrediting organization that is recognized by the Council for Higher Education) may be considered for transfer credit subject to the following conditions:

1. The satisfactory completion of 12 credit hours of course work at OKWU with a grade point average of 2.0 or better.
2. The credit is applicable toward an OKWU degree or program the student is pursuing. The work will be evaluated by the appropriate School Dean.
3. No more than half of the hours required for an OKWU degree may be transferred from such a non-accredited institution.
4. Work from technical schools, career schools and schools for which we already have an articulation agreement will be considered within that school's articulation agreement.

Non-Traditional Credits: Non-traditional credits earned at another institution are evaluated through the portfolio process, using the American Council of Education (ACE) guidelines, and are treated in the same manner as transfer credits. It is the student's responsibility to obtain the necessary documentation for such credits from the institution where they were awarded. Such documentation should include course title and description, hours awarded, method of assessment, assessment criteria, performance level, evaluator credentials, and evaluator comments. A maximum of 40 semester credit hours of military credit may be applied to the degree requirements as elective credit.

FINANCIAL AID INFORMATION

The Financial Aid Office at Oklahoma Wesleyan University is committed to assisting students in meeting their educational expenses. Both need-based and non-need-based aid are available in the forms of grants, scholarships, loans, and work-study. Financial need, fund availability, student classification and academic performance are factors that help determine the type and amount of aid awarded to each student.

Each year, students must submit the Free Application for Federal Student Aid (FAFSA) to qualify to receive Federal and State Aid. Oklahoma Wesleyan University (Code #003151) must be listed as a college to receive the FAFSA information. By listing OKWU on the FAFSA, the Financial Aid Office will be able to determine a student's eligibility for Federal Student Aid.

The Office of Financial Aid recommends filing the FAFSA as close to October 1st as possible in order to be considered for all available aid.

Return of Title IV Funds Policy

The Higher Education Amendments of 1998 defines the formula for calculating the amount of aid a student and school can retain when the student withdraws from all classes. Students who withdraw from all classes prior to completing more than 60 percent of an enrollment term will have their eligibility for aid recalculated based on the percent of the term completed. The Financial Aid Office encourages students to read the Return of Title IV Funds Policy carefully. This policy is available in the Financial Aid Office. **Students considering withdrawing from all classes should contact the Financial Aid Office to discuss how this will affect his/her further financial aid.**

Example: A student is enrolled in 2 courses that are 5 weeks in length. To calculate the percentage of aid, the Financial Aid Office will count the days attended and divide it by the total days scheduled in the term (two 5-week courses = 70 days). The student will be eligible for that percentage of federal aid.

Satisfactory Academic Progress Financial Aid Procedures

Federal regulations (CRF 668.16) require that a student maintains satisfactory academic progress in the course of study being pursued, according to the standards and practices of the institution in which he/she is enrolled, in order to receive aid under the Higher Education Act. These programs at OKWU include Federal Pell Grant, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, Oklahoma Tuition Aid Grant, Oklahoma Tuition Equalization Grant, Oklahoma's Promise, Federal Direct Loans (subsidized and unsubsidized), and the Federal Plus Loan Program. OKWU has also adopted the following (Title IV) Satisfactory Academic Progress Policy to govern its institutional-based financial aid.

Satisfactory academic progress (SAP) will be measured at the end of each semester or term. All students participating in the Title IV program will be evaluated to determine if SAP is being maintained. SAP will be measured on both a qualitative and quantitative standard. If a student is not meeting Satisfactory Academic Progress at the end of a term or semester, that student is not eligible for financial aid.

Qualitative Standard

A cumulative GPA must be maintained according to the following scale

- A 2.0 Term and Cumulative GPA is required for all non-nursing majors
- A 2.75 Cumulative GPA is required for nursing degree students

Quantitative Standard

Students must maintain pace of progression and be on track according to the maximum timeframe at the end of each semester or term.

- **Pace of Progression:** Student must earn 67% of credits attempted cumulatively. To calculate, the credits earned will be divided by the credits attempted. For example: a student earns 5 credits out of the 7 credits attempted ($5/7=71\%$). This student would be at an acceptable pace of progression.
- **Maximum Time-Frame:** Student must earn his/her degree in 150% of the published credit requirement. To calculate, the credits required for the degree will be multiplied by 150%. This is the maximum number of hours for which a student is eligible for aid. For example: a student's degree requires 126 credit hours for graduation. That student must complete the degree within 189 credit hours ($126 * 150\% = 189$).

Financial Aid Warning

A student who fails to meet the SAP standard(s) will be placed on "Financial Aid Warning" at the end of the semester or term. If the student meets both the quantitative and qualitative standards, satisfactory academic progress will be restored. However, if the student again fails to meet one or both of the standards, the student will be placed on Financial Aid Suspension and will be ineligible for aid until SAP is restored or a SAP appeal is approved.

- A student may still receive federal financial aid during the Warning status.
- This status will only last **one** semester or term.
- There is no appeal necessary.

Financial Aid Probation

If a student has been on Financial Aid Warning and fails to meet SAP standard(s) that student will be ineligible for federal aid. Financial Aid Probation is for students who have failed to meet the standards after the warning period and been granted a successful appeal of their ineligibility. To appeal, students must complete a SAP appeal within 14 days from the date of notification. This appeal will go before an appeal committee. If granted, the appeal committee will create an academic plan which will define the required components of continued eligibility and will specify the length of the academic plan. If the student maintains the requirements of the plan or if SAP standards are met, the student will regain eligibility. If a student fails to meet the requirements of the academic plan, the student will be ineligible for aid until SAP is restored.

Financial Aid Suspension

A student who fails to meet the SAP standard(s) after being placed on Financial Aid Warning or Financial Aid Probation will be placed on Financial Aid Suspension at the end of the semester or term. Suspended students are ineligible to receive financial aid from OKWU. Eligibility may be restored by attempting and earning credits to meet the minimum SAP standards or by having an appeal granted.

Appeal Process

Students have the right to appeal their suspension of financial aid if they have mitigating circumstances that prevented them from making SAP. Mitigating circumstances may include a death in the family, a severe injury or illness to the student or other special circumstances. The appeal must explain why he/she failed to make Satisfactory Academic Progress, documentation to support this circumstance, and what has changed that will allow him/her to make satisfactory progress at the next evaluation. If a student has both Financial Aid and Academic suspension, only one appeal is necessary for both offices and may be submitted to the student's Academic Advisor. If the student has only a Financial Aid suspension, the student may email the appeal to financialaid@okwu.edu.

A student who wishes to appeal must do so in writing with supportive documentation. The written appeal must be completed using the SAP appeal form and must be completed within 48 business hours from receiving the notification. This appeal will go before an appeal committee which consists of a representative from, at a minimum, the following offices: a Graduate School

representative (for a graduate level student), an Office of Academic Affairs representative, the Director of Financial Aid, the Registrar, and an Enrollment Services representative. The Appeal Committee's decision is final.

If granted, the student will be placed on Financial Aid Probation and will be eligible for aid for one semester or term. His/her academic progress will be evaluated at the end of the next term or semester. In addition, the appeal committee may create an academic plan which will define the required components of continued eligibility and will specify the length of the academic plan. If the student maintains the requirements of the plan or if SAP standards are met, the student will regain eligibility. If a student fails to meet the requirements of the academic plan and the student does not meet the SAP standards, the student will be ineligible for aid until SAP is restored.

If a student does not appeal within 48 hours, OKWU will proceed with withdrawing the student and reporting withdrawal to the Department of Education.

Incompletes (I) have no GPA implication until graded and will be treated as attempted but not earned credits.

Withdrawals (W) grades have no GPA implication and will be treated as attempted but not earned credits. If a student withdraws from an entire term with all Ws, it will be treated as a withdrawal rather than a suspension.

Remedial work

These will be treated as attempted and earned credits but not total credits.

Repeated Courses

Effective July 1, 2011, Federal Financial Aid regulations limit the number of times a student may repeat a course and receive federal financial aid for that course. The regulations state that a student may receive federal aid when repeating a course that was previously failed regardless of the number of times the course was attempted and failed. Once the passing grade is received, the student may receive federal financial aid for only one repeat of the course.

Examples of repeated coursework that may be counted towards enrollment status:

- Student receives a failing grade. He/she may repeat a failed course until it is passed.
- Student receives a passing grade. He/she may repeat a passed course one time.

Example of repeated coursework that may not be counted towards enrollment status:

- Student receives a grade of 'D' then repeats the course and receives another grade of 'D'. If the student decides to repeat the course a second time, the course would not count towards his/her enrollment status.

For Satisfactory Academic Progress purposes, a repeated course will calculate at face value within the term. However, the higher grade will be used to calculate cumulative GPA, cumulative attempted credits, and cumulative GPA credits.

Transfer Credit

Only courses in which a C- or higher have been earned will be posted to the transcript, provided that such courses apply towards the student's declared major. Transfer credits will be treated as attempted and earned. Transfer work is considered toward the above requirements.

Life Learning and Credit by Exam

These credits are not considered toward the above required earned hours in a term.

Non-degree Coursework

If a course is not required for the student's degree, these hours cannot be used to determine enrollment status. Therefore, it is important to review degree requirements with an advisor and notify financial aid if taking less than full-time required coursework.

Enrollment Status

For undergraduates: Full-time status is 12 or more hours. Three-quarter status is 9-11 hours. Half-time status is 6-8 hours. Less than half-time status is 5 or fewer hours. OKWU financial aid will adjust a student's financial aid based upon a change in enrollment status when notice is received.

Student Accounts Information

General Information

Once students have completed the registration process (or have started attending classes), they are considered “enrolled” for financial purposes and, thus, are responsible to pay related charges at the beginning of each term or session or make other satisfactory arrangements. This is required for continued enrollment at Oklahoma Wesleyan University (the “University”). Payments and other financial arrangements are to be made in the Student Accounts Office. Students who find it necessary to withdraw from the University before the end of a course or term must follow withdrawal procedures and arrange with The Financial Aid Office and Student Accounts Office for payment of all bills in order to secure honorable 1.

Withdrawal

Students may voluntarily withdraw from a course after the start of the second session of a course through the start of the last two sessions of the course. Students wishing to withdraw from course must notify the Academic Advisor by completing an official withdrawal form or withdrawing online and submitting for advisor approval. A 'W' grade will be recorded on the transcript as attempted but not earned; GPA is not affected. Withdrawal from a course(s) may affect the amount of the financial aid a student is entitled to receive. Arrangements must be made with Student Accounts for payment of all remaining charges. No withdrawal is permitted in the last two weeks of any AGS course.

(Withdrawals are subject to fees and tuition as outlined in the Student Accounts Information section.)

Credit Policy

OKWU has established a credit policy within the guidelines provided by section HEA 484B of the Higher Education Act. The regulations of the Act are available for review in the Financial Aid Office.

When a student withdraws from a course or program, credits of applicable charges will be applied to the student’s account. Fees are not credited after the first day of classes/sessions, with the exception of the educational resource fee. This fee will be credited if the course is dropped at least 30 days prior to the course start date. An exception is made for students attending an on-ground cohort at the Kansas location; these students receive a 100% tuition and student-service fee credit if the student withdraws prior to completing 25% of the course, i.e. before Day 10 of a 5-week course, Day 14 of a 7-week course, or Day 15 of an 8-week course. The student-service fee does not include the fee for the book(s) received by the student and is equivalent to \$25/credit hour.

Students who receive financial aid may have aid removed from their account in accordance with OKWU’s policy and the federal Title IV formula. The federal Title IV refund policy calculates a refund by percentage based upon the timeframe within the semester that a student withdraws. If a student withdraws during the term, financial aid may be reduced. If aid is reduced, the student is responsible for payment of that balance. For more information regarding financial aid, please contact the Financial Aid Office at financialaid@okwu.edu or 918-335-6282.

Applying Credit Priority

Credits for any courses in which students are enrolled at the time of withdrawal will be adjusted (if applicable) and handled according to policies outlined in their respective programs’ Refund Policy. For students who are recipients of Title IV financial aid, money will be returned to those Title IV sources (in the order of priorities determined by federal regulations at the time of withdrawal) before any disbursement is made to students.

Credit amounts must be applied in the following order:

1. Federal loans
2. Federal grants
3. Outside scholarships/aid
4. Institutional aid
5. Student's account/student

Credit Appeals Process

Written appeals regarding extenuating circumstances may be submitted in writing to the Vice President for Business Affairs within 30 days of the extenuating circumstance. Credit appeals will not be considered after 30 days.

Tuition Credit Scale

In the event a student withdraws from classes, tuition for credit-bearing courses will be credited based on the following scale:

- If a student withdraws through WebAccess or gives written notification to their Advisor prior to the first class session, the full tuition will be credited (Online=by the 1st Sunday of each course by 11:59 p.m.).
- If a student withdraws prior to the second week of class, they will receive an 80% credit of tuition. If the notice is not received until the second week of class there is no tuition credit.
- An exception is made for students attending an on-ground cohort at a Kansas location; these students receive a 100% tuition and student-service fee credit if the student withdraws prior to completing 25% of the course, i.e. before Day 10 of a 5-week course, Day 14 of a 7-week course, or Day 15 of an 8-week course. The student-service fee does not include the fee for the book(s) received by the student and is equivalent to \$25/credit hour.

Credit for Fees

Fees are not credited after the first day of classes/sessions, with the exception of the educational resource fee. This fee will be credited if the course is dropped at least 30 days prior to the course start date. If the course is dropped fewer than 30 days before the course starts, the fee is not credited, even if the materials are returned to OKWU. An exception is made for students attending an on-ground cohort at a Kansas location; these students receive a 100% tuition and student-service fee credit if the student withdraws prior to completing 25% of the course, i.e. before Day 10 of a 5-week course, Day 14 of a 7-week course, or Day 15 of an 8-week course. The student-service fee does not include the fee for the book(s) received by the student and is equivalent to \$25/credit hour.

Student Accounts – Policies and Procedures

The following procedures govern the payment of student tuition and fees:

1. All tuition and fee payments may be made online through the online student portal or by cash, check, cashier's check, credit card, or money order made payable to Oklahoma Wesleyan University, 2201 Silver Lake Road, Bartlesville, OK 74006.
Note: Please mark any envelope containing payment "Attention: Cashier."
2. All students eligible for financial aid must have all paperwork completed prior to registration.
3. All students are required to sign a Registration Contract.
4. Students who register less than 30 days before of the start of a course will be charged a late registration fee.
5. Students whose accounts are in arrears will not be allowed to register for additional courses.

6. Tuition and fees for College After Hours (elective) courses must be paid at the time of registration for those courses if financial aid has already been disbursed for the term and is not enough to cover the additional cost.
7. All tuition and fees must be paid before a student can re-enter Oklahoma Wesleyan University.
8. The issuing of transcripts and release of diplomas are contingent upon student accounts being paid in full. This includes all tuition, all fees, and any late fees and/or penalties.
9. Students will be charged full tuition when a course is retaken.
10. Students who fail to pay balances can be financially withdrawn.

Educational Resources

Textbooks for On-ground courses are included in the course resource fee. Online students must purchase their own textbooks. Credits are not given on books or other educational materials unless the course is cancelled by Oklahoma Wesleyan University.

Locked-In Tuition

Tuition charges are frozen at the time of enrollment for the balance of core classes required for the program/major selected as long as the student remains enrolled in their original cohort. Exceptions to this policy would be any elective or general education hours not taken as part of the cohort core. These elective or general education hours, often referred to as gap hours, would be charged at the rate of the cohort in which it is taken or at the current College After Hours (CAH) rate.

Participation in Commencement

Students will not be permitted to participate in Graduation ceremonies if there is a balance on their student account.

UNIVERSITY ACADEMIC POLICIES

Introduction

Adult and Graduate Studies degree programs have been designed for adult learners who must maintain professional and personal commitments while returning to school. These programs offer working adult students an opportunity to complete their major courses in approximately 13 months. Electives and general education courses may also be necessary to complete the total of 126 hours required for a bachelor's degree. Adult and Graduate Studies staff will assist students in discovering the best options for completing all requirements in a timely fashion.

Mission

To fulfill the mission of Oklahoma Wesleyan University, the Office of Adult and Graduate Studies exists to meet the educational needs of adults.

Statement of Purpose

The purpose of the Office of Adult and Graduate Studies is to be the best organization at meeting the educational needs of adults. To accomplish that goal, Adult and Graduate Studies will:

1. Deliver the University's academic programs to people whose family responsibilities, employment situations, or personal preferences do not permit them to obtain a college degree through residence on a campus.
2. Deliver academic programs that require mastery of learning outcomes appropriate to the academic level of a degree sought by the student.
3. Facilitate an understanding and application of Christian principles in personal and professional environments.

Official Documents

All educational records are maintained under the student's full legal name. Official documents and transcripts and diplomas will be issued only under this name.

Transcripts

Students who desire a transcript of their University work must submit a request through Credentials Solutions, LLC, at <https://www.credentials-inc.com/tplus/?ALUMTRO003151>. A transcript fee of \$10 per transcript via credit card will be charged.

Transcripts and diplomas will be released only when student accounts are paid in full, loan payments are current, and students have completed all necessary exit interviews.

Academic Freedom

Students and faculty of the OKWU academic community are encouraged to explore and discuss ideas freely, fully, and responsibly in the context of the University mission. Students and faculty are also encouraged to integrate all aspects of a Christian worldview under the Lordship of Jesus Christ. OKWU believes that in the context of this responsible exercise of academic freedom, faith mandates and illuminates learning, and learning clarifies and expands faith.

Release of Student Information and Access to Student Records

Oklahoma Wesleyan University controls access to student information in a manner consistent with the Family Educational Rights and Privacy Act (FERPA).

The University complies with the Family Education Rights and Privacy Act of 1974 as it appears in its final June 1976 form. This law protects the rights of students to review their own records and to challenge any of the content of those records. Public Law 93-380 (also known as the Buckley Amendment, the Privacy Rights of Parents and Students—Section 438 of the General Education Provisions Act) permits the release of directory information without the student's

consent. It further provides that any student may, upon written request, restrict the printing of such information as is usually included in campus directories.

The law also protects students from the unlawful disclosure of information concerning their academic performance, personal campus discipline, or financial status. The law allows the disclosure of directory information as follows:

Name, addresses (campus, home, email), telephone number, dates of attendance, class, previous institution(s) attended, major field of study, awards, honors and degree(s) conferred (including dates), past and present participation in officially recognized sports and activities, physical factors (height and weight) of athletes.

For any personal information other than directory information the law requires the written consent of the student for release to anyone, except those persons and agencies provided by law. These exceptions include OKWU personnel whose job requires access to such information, certain government agencies, and the parents of dependent children. Federal law, therefore, does permit the release of academic, financial, and disciplinary information to the parents/guardians of students who are financially dependent. Financial dependency will be determined via the Free Application for Federal Student Aid (FAFSA).

Under the law, all students have the right to inspect and challenge their own educational file with the exception of letters of recommendation or other material when the author was guaranteed confidentiality prior to January 1, 1975. Positive identification of the student shall be required prior to such examination and the student is not guaranteed the right of privacy in examining the records or the right to remove them.

Academic Integrity

Oklahoma Wesleyan University seeks to develop mature Christian leaders and scholars who produce their own scholastic work, who acknowledge their dependence on the work of other scholars and resources, and who demonstrate academic integrity under all conditions. Violations of academic integrity insult the Primacy of Jesus Christ, contradict the Pursuit of Truth, mock the Priority of Scripture, and reject the Practice of Wisdom. Failure to meet these standards is regarded by the OKWU academic community as a most serious offense against God's desire that we refrain from stealing and that we live honest lives (Ex. 20.15-16).

The practice of academic honesty is a high priority in our community, and the faculty expects responsible scholarship and professional conduct of all OKWU students. Academic dishonesty, cheating, plagiarism, and disruptive unprofessionalism are all prohibited.

Any violation of the academic integrity policy, including but not limited to each instance of plagiarism, cheating, or disruptive unprofessionalism, will result in a consequence such as the required resubmission of an assignment, a grade deduction for a particular assignment, failure of an assignment, dismissal from the class session, suspension from the course, failure of the course, or expulsion from the University. Each violation of academic integrity will be reported to the Vice President for Academic Affairs.

Specific Violations of Academic Integrity:

The potential academic violations named below do not constitute an exhaustive list, and individual schools may have unique handbooks and policies to which students must adhere. Professionalism and integrity are expected and required of OKWU students. Any student that threatens the academic environment is a violation of the academic integrity policy. Students must respect the pedagogical goals of individual instructors and take care not to disrupt the learning process for other students. Both private and public violations of academic honesty and integrity are offenses subject to disciplinary action.

Cheating: Examples of cheating include (but are not limited to) the following:

1. Using unauthorized prepared materials (cheat sheets) for answering test questions;
2. Giving aid to another student during a test or quiz;
3. Compromising the integrity of test materials;
4. Gaining answers to test questions from others during testing periods;
5. Signing another person's name to the attendance record or any such falsification of academic record;
6. Claiming to have done laboratory work or outside reading that was not done;
7. Submitting the same work (e.g. written paper, assignment, or discussion questions) for more than one course without the prior approval of the instructors involved;
8. Fabricating any academic material, content, or other information, including academic records and status;
9. Collaborating with other students in a way that violates assignment parameters.

Plagiarism: Plagiarism is defined as offering the work of another as one's own. It is an attempt to deceive by implying that one has done work that was actually done by another. Faculty and students are honor-bound to show that ideas and words match with the sources used and thus demonstrate that honest research has been done. Examples of plagiarism include (but are not limited to) the following:

1. Copying all or part of a theme, examination, paper, library reading report, or other written work from another person's production;
2. Submitting as one's own work that which was wholly or partially done by another;
3. Quoting material from any source without proper documentation;
4. Summarizing or paraphrasing from any source without proper documentation;
5. Misrepresenting documentation or resources;
6. Using in collateral reports or book reviews the opinion of a professional literary critic or of a campus friend as though it were one's own original thought;
7. Submitting workbook answers copied from another person or working in a group and submitting an identical set of answers for each member of the group without explicit permission from the instructor;
8. Presenting one's previous work as new scholarship.

Unprofessional Behavior: Unprofessional behavior restricts individual student learning or the learning of other students in the classroom. Students are expected to assume full responsibility for their actions and will be held accountable for them. Students are expected to behave in a manner that is appropriate, professional, respectful and attentive. Inappropriate, disruptive, uncooperative, or belligerent behavior in an academic setting will be considered to be a violation of academic integrity. Lively, robust debate is encouraged, and while faculty expect students to engage fully and to think critically, interaction should reflect the Fruit of the Spirit (Galatians 5:22-23).

Examples of unprofessional conduct include (but are not limited to) the following:

1. **Inappropriate Communication:** Inappropriate communication is any verbal or non-verbal language, action, voice inflection, or insubordination that compromise rapport or working relations with fellow students and faculty. Per the OKWU Academic Catalog, OKWU is committed to the preservation of human dignity and the protection of students. Harassment in any form—verbal, physical, sexual, or visual—is against campus policy.
2. **Disruptive or Resistant Behavior:** Disruptive or resistant behavior is exhibited when a student is disruptive or rude. Such behavior may be demonstrated by but is not limited to inappropriate or degrading words or gestures. In some cases, intervention and remediation strategies are disregarded by the student, and ultimately, the student does not accept responsibility for his/ her actions, recommendations, or errors. The student is resistant or defensive when provided with constructive feedback. The student resists adopting recommendations from faculty or others to improve learning performance.
3. **Disrespect towards Community:** Disrespect towards community occurs when the student violates normative, appropriate community standards with behavior such as disrespecting the rights of others, violating appropriate boundaries, breaching confidentiality, or exhibiting inequitable regard for fellow students, faculty, or staff because of race, gender, religion, age, disability, or socioeconomic status. The student does not demonstrate the ability to collaborate with students, faculty, and staff in a learning environment; furthermore, the student's behavior demonstrates blatant, belligerent disregard for the Practice of Wisdom or for other OKWU Pillars in a way that goes beyond acceptable academic disagreement with the Pillars and instead rudely and intentionally disparages others within the environment who support those pillars.
4. **Unprofessional Attire:** The student may also disrupt the learning environment by not dressing in attire appropriate for the setting. Per the OKWU Academic Catalog, students at OKWU are expected to dress modestly and appropriately at all times. Teaching faculty have the prerogative to set a more conservative dress code within their own classroom or work area than outlined in the Academic Catalog.

Procedure:

Once an instructor discovers a case of academic dishonesty or unprofessional behavior, the instructor will begin the following process:

1. The instructor will respond to the first violation of academic integrity by clarifying academic expectations and endeavoring to help the student grow. The instructor has the right to require the student to redo the assignment, reduce the grade of the assignment, assign a failing grade to the assignment, or dismiss the student from the class period. The instructor will notify in writing the Dean of the School in which the course was offered, the Dean of the School to which the student belongs, and the Office of Academic Affairs, outlining the incident and its resolution.
2. Before deciding on disciplinary action, the instructor should contact the Office of Academic Affairs to find out if the student has previous academic-integrity violations on his or her record and, if so, how many. Typically, the instructor will decide upon disciplinary action for the first infraction by a given student. For the second (and any subsequent infractions), the instructor, the Dean of the School in which the course was offered, and the Dean of the School to which the student belongs will make a disciplinary decision while also informing the Office of Academic Affairs. In general, students should expect to fail the assignment or forego participation points for their first conscious offense of plagiarism or unprofessional behavior at OKWU, to fail the course for a second recorded offense, to be suspended for a full semester for a third recorded offense, and to be expelled for a fourth recorded offense. If the disciplinary action involves suspension or

expulsion, the Vice President of Student Life must also be involved in the decision making-process. (Recorded offense is documented and housed in the Office of Academic Affairs).

3. If a student wishes to appeal, s/he may appeal to the Office of Academic Affairs, which is the final appeal.

4. When plagiarism or cheating is discovered after grades have been assigned, grades will be adjusted as appropriate, and disciplinary action can be taken as long as the student is enrolled at OKWU.

Academic Load

The term "academic load" refers to the number of credit hours students carry in a given term. A regular full-time load is considered to be 12 or more credits per term (Spring, Summer, Fall).

Only those students who maintain a high standard of scholarship will be permitted to register for up to 20 hours in a given semester (or eight hours in a summer session). Permission is granted by the Dean of the School in which the student is enrolled. Courses taken by correspondence, extension, online or televised instruction count as part of the total academic load.

A credit hour is defined in the policy entitled, "Credit Hour Definition Policy."

In order to be the best possible stewards of their time, energy, and finances, students should carefully consider their course loads when planning any outside work schedules. Typically, the University expects students to spend an average of two hours studying for every one hour spent in the classroom. Therefore, carrying a 15-credit load is roughly equivalent to assuming the responsibilities of a 45-hour work week.

The following schedule should be used to understand the relationship between class load, study time, and work load:

Class Load	Avg. Study Hours	Suggested Work Load	Total Hours
15-17 credits	30-35	10 hours (or fewer)	55-61
12-14 credits	24-28	15 hours (or fewer)	51-57
9-11 credits	18-22	20 hours (or fewer)	47-53
6-8 credits	12-16	25 hours (or fewer)	43-49

Credit Hour Definition Policy

"One credit hour" shall be defined as: an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalence that reasonably approximates not less than:

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester, or the equivalent amount of work over a different amount of time; or
2. At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution, including laboratory work, internships, practicums, studio work, field trips, independent study, and other academic work leading to the award of credit hours.

In courses, such as those offered online, in which "seat time" does not apply, a credit hour may be measured by an equivalent amount of work, as defined in the intended learning outcomes for the course.

Credit Hour Definition Practice

While the definition of “credit hour” references the traditional calculation of credit, i.e. approximately one hour of classroom seat time and two hours of outside class work per hour of credit, nothing in the policy is intended to eliminate or impede OKWU’s flexibility in delivering course content, so long as they result in institutional equivalencies of measurable outcomes that reasonably approximate the traditional calculation of a credit hour. Factors such as non-traditional delivery methods, measurements of student work, academic calendars, disciplines, and degree levels can be considered.

The practice of determining credit hours for a new course includes the review of breadth and depth of the subject material, course content, the workload represented by that coursework, the intended learning outcomes, and the comparability of the credit-hour value of the course with other peer institutions. Through this process, the required “equivalence” component of the definition is achieved. The course credit determination is approved by the faculty and dean of the school(s) involved in the course.

Course Numbering System

Each course is assigned a four-digit course number. The first digit indicates when students might be expected to take the course. For example, a 1000-level course is typically taken in the freshman year, a 2000-level course in the sophomore year, etc.

Remedial Courses

Remedial courses may not be used to meet graduation requirements. All remedial courses begin with a zero as the first digit of the course number. A student who fails a remedial course will not be allowed to re-enroll in the next semester. Grades for remedial courses are included in the semester GPA but not in the cumulative GPA.

Class Standing

For convenience in organization, students are classified at the beginning of each semester according to the following categories:

- Freshmenstudents having completed 1-29 credit hours
- Sophomores.....students having completed 30-59 credit hours
- Juniorsstudents having completed 60-89 credit hours
- Seniorsstudents having completed at least 90 credit hours (senior status does not necessarily assure graduation with that class)
- Specialstudents having completed a baccalaureate degree or those not wishing to pursue a degree program

Upper Division Standing

Colleges and universities that grant bachelor degrees typically distinguish lower division studies (freshman and sophomore level) from upper division studies (junior and senior level). At OKWU, admission to upper division standing is required by selected divisions before students are permitted to accumulate more than 9 credit hours in upper division courses in their major. Upper division courses are defined as those which have a 3 or 4 as the first digit of their course number. Details for upper division admission requirements can be obtained from the School Dean of the academic school which offers the major or program of interest.

Learning Philosophy

The Adult and Graduate Studies curricular format is accelerated. Interaction among participants is emphasized, and teamwork plays an important role in the learning process. This approach to learning is founded on the philosophical assumption that adult students have significant skills to draw upon and significant experience from which to share.

Motivation — Adults who choose to return to school after a time in the work force are typically motivated to give the effort needed to benefit from classes for which they are sacrificing. Because of this motivation, learning proceeds much more quickly, and faculty do not have to spend valuable time urging students to attend to their assignments.

Discipline — From being in the work force and managing the complexities of both professional and personal responsibilities, adults have developed a sense of discipline that serves them well. Assignments can be completed within tight periods despite busy schedules and heavy work, family, and/or church responsibilities.

Experience — Educational theory teaches that students learn best by relating abstractions to concrete experiences. For this reason, a person who has experienced a work environment and been placed in leadership positions in the past is better able to absorb abstract concepts of management and leadership.

Independence — To succeed in life, adults have learned to seek information on their own from a variety of sources. Consequently, degree programs rely on student ability to independently gather and process information, without having to rely on a “teacher” as the only fountain from which all information flows. Reading and research outside the classroom allow students to fill in the gaps between their current knowledge and the knowledge necessary to meet the objectives of courses that are part of the degree programs.

Activity — The more active people are in their own learning, the better the learning. When students interact in small groups, engage in role-play, prepare projects, and apply techniques in the workplace, the learning is deep, and retention is long.

Teamwork — Group learning is widely recognized as an effective learning technique. Peers tutor each other in groups. There is emotional support in groups. Warm friendships develop in groups, resulting in a positive climate for learning. Learning, which would not have occurred individually, happens in groups as a synergy is created. Weaknesses in one student are offset by strengths of others in the group. Teamwork, cooperation, and leadership skills are fostered within learning teams.

Community Expectations

Oklahoma Wesleyan University is committed to the ideal of intellectual, spiritual, physical, and social wellness. The University does not condone the use of tobacco, alcohol, or illegal drugs. Students are expected to refrain from smoking or chewing tobacco products in all OKWU classrooms. Smoking or chewing tobacco products, alcoholic beverages, illegal drugs, and firearms are not permitted on OKWU premises, including remote classroom locations or any building or parts of buildings owned or operated by Oklahoma Wesleyan University.

The University expects students to adhere to federal, state, and local laws. Students are expected to exhibit behavior in all OKWU classrooms (on or off the Bartlesville campus) that is considerate of other students in the program and in keeping with the Christian mission of the institution.

Oklahoma Wesleyan University is a Christian University of higher education which upholds high standards of personal and professional conduct. Such standards include a classroom environment that promotes a positive learning experience and a professional instructional climate. Students are encouraged to conduct themselves in a professional manner with respect for the rights of other students and faculty. The University or its representatives reserve the right to act in situations where student behavior violates established policy or detracts from the ability of students or faculty to function effectively in the classroom. Such action may include disciplinary procedures or may lead to suspension from the program and/or the University. Only

regularly enrolled students may attend class unless granted permission by the University administration and arrangements are made with the instructor.

Programs: Master, Baccalaureate, Associate

The degree programs offered through the Office of Adult and Graduate Studies are designed for working adults who may have acquired learning through college or university courses, through career experiences, through professional or military schools, or through in-service training. The curriculum is designed and delivered to enable graduates to deal effectively with an increasingly complex work environment. The programs stress development of the leadership skills necessary to be successful in the professional world. Currently, Adult and Graduate Studies delivers a baccalaureate degree in Business (Bachelor of Science with a major in Business Administration and concentrations in Accounting, Finance, Healthcare Administration, Management and Marketing), a Bachelor of Science in Organizational Management, a Bachelor of Science in Criminal Justice, in Arts and Sciences (Bachelor of Science in Psychology Studies), in Ministry and Christian Thought (Bachelor of Science with a major in Ministry and Leadership) and in Nursing (Bachelor of Science in Nursing). On the graduate degree level, OKWU offers a Master in the following degree programs: Business Administration, Education, Nursing, Strategic Leadership. (For detailed information about graduate programs, please consult the Graduate Catalog.)

In order for students to complete the 126 credit hours required for a baccalaureate degree, the University offers a variety of courses—to fulfill general education or elective requirements—through the STEP and College After Hours (CAH) programs. Some CAH courses may be taken concurrently while students are completing their major course sequence. Due to the accelerated nature of Adult and Graduate Studies programs, the University allows students to take no more than one College After Hours course concurrently with a major course. University policy does not allow students to compress or double up major courses to accelerate the existing completion or graduation schedules. Students are urged to contact their advisor to register for a course, to ensure that a course has enough students to be offered, and to receive course materials in ample time.

For more details on any Business program, students should see the Chesapeake Energy School of Business section of this *University Catalog*. For more details on any Education program, students should see the School of Education and Exercise Science section. For more details on the Nursing program, students should see the School of Nursing section. For more details on the Ministry program, students should see the School of Ministry and Christian Thought section. For more details on the STEP program, students should refer to the end of this section of the *University Catalog*.

Learning Teams

Oklahoma Wesleyan University recognizes that key employers want employees who can effectively function in teams, who understand the value of teamwork, and who assume responsibilities for accomplishments in the workplace and for continued professional development. Therefore, OKWU has designed a professional, cutting-edge curriculum in which learning teams play several essential roles. Learning teams provide educational synergy; more learning takes place in less time, thus providing much of the acceleration found in Adult and Graduate Studies programs. Learning team responsibilities, when dictated by course content, may involve activities outside of class and some in-class presentations. No more than two family members may be on the same learning team.

Three different types of Adult and Graduate Studies courses involve three different levels of team activity:

1. Skill courses (e.g., Written Communication, Math, and Speech) will typically have no study team activities.

2. Other general education or general elective courses may have some moderate level of study team activity. The acquisition of some material by interaction with class members outside of class sessions may be a part of course requirements.
3. Business and Nursing major courses will have extensive group involvement, consisting of projects that last throughout a course. Outside class activities will be required and usually will culminate in team presentations to the entire cohort.

Registration Contract

Students are required to sign a Registration Contract for their entire program. Students who have been out of the program for three months or more will be required to reapply and sign a new registration contract when they re-enter.

Educational Resources

Textbooks and course materials are delivered directly to students enrolled in courses held on-ground before the beginning of a new course. If a student misses the delivery dates, it is the student's responsibility to contact the Adult and Graduate Studies office to make arrangements for delivery or pick up of textbooks and course materials. Students pay a reduced resource fee for any online course and are responsible to order their own textbooks.

Cohort Progression and Withdrawal

A student who is dropped from a course due to non-attendance in the first session should consult with his/her academic advisor to determine needed changes to course schedule. Depending on the degree program, every effort will be made to ensure that students remain on track with their cohort. Nursing programs use lock-step cohorts, so students in these programs should consult with their academic advisor before requesting any changes to their course schedules.

A student who has been withdrawn from a program must apply for readmission to OKWU.

Upon readmission, the student will work with an academic advisor to register for the courses that need to be repeated. Once the courses have been successfully repeated, the student will be reassigned to a new class cohort; based on availability, and be permitted to join the new class cohort at the appropriate course.

Students are responsible for all financial obligations up to the date of withdrawal. If students are receiving financial aid, changes in enrollment status may change aid eligibility. Therefore, before initiating a change in status, students receiving aid should contact the Financial Aid Office on the main campus to determine the impact on aid eligibility (financialaid@okwu.edu or 918/335-6282).

Dropping a Course

Students may drop a course prior to the start of the second class session only. Prior to the beginning of the term, students may drop a course by logging into Web Access and submitting a drop request to the advisor for approval. After the term has started, students must contact their academic advisor in order to request a course be dropped.

Dropping a course during the first week will mean no grade is entered for the course. Dropping a course is subject to fees and tuition as outlined in the Student Accounts Information section.

Withdrawal

Students may voluntarily withdraw from a course after the start of the second session of a course through the start of the last two sessions of the course. Students wishing to withdraw from course must notify the Academic Advisor by completing an official withdrawal form or withdrawing online and submitting for advisor approval. A 'W' grade will be recorded on the transcript as attempted but not earned; GPA is not affected. Withdrawal from a course(s) may affect the amount of the financial aid a student is entitled to receive. Arrangements must be

made with Student Accounts for payment of all remaining charges. No withdrawal is permitted in the last two weeks of any AGS course.

(Withdrawals are subject to fees and tuition as outlined in the Student Accounts Information section.)

Military Active Duty

In the event of deployment, active duty military personnel may request to be withdrawn from a course and/or program up to 30 days post deployment date with no penalties and may re-enter their program at any time without penalty.

Grading Policy

Students have access to their grades through the University website. In accordance with the Family Rights and Privacy Act, grades are confidential information. Under no circumstance will a grade be disclosed over the phone or via email.

Only the instructor of the course can make a grade change. If a student believes that the grade has been improperly given, the instructor should be contacted no later than 6 weeks after the end of the course. If the instructor decides that a grade change is warranted, the instructor will submit an appropriate change of grade form to the Registrar.

Grading System

The quality of a student's performance in a course is recognized by a letter grade. Except in cases of clerical error or academic dishonesty, no instructor may change a grade that has been submitted and recorded on the official transcript. A student who believes a grade miscalculation has occurred should consult the professor who taught the course. A student must file an appeal to change a grade within 6 weeks after the last day of classes. At the end of the 6 week appeal period the student has lost the privilege of the appeal process.

Grade points (or quality points) are the numerical equivalent of letter grades and are assigned for each credit earned according to the grading scale (below). For example, an "A" in a three-hour course would give the student 12 grade points. These points express the quality of a student's performance in terms of numbers for the purpose of determining academic achievement, rank in class, and semester or graduation honors.

Grades, with their explanations and grade points (per credit hour), are as follows:

A	(Superior)	4.0 grade points
A-	3.7 grade points
B+	3.3 grade points
B	(Above Average)	3.0 grade points
B-	2.7 grade points
C+	2.3 grade points
C	(Average)	2.0 grade points
C-	1.7 grade points
D+	1.3 grade points
D	(Below Average)	1.0 grade point
D-	0.7 grade points
F	(Failing)	0.0 grade points
I	(Incomplete)	Becomes "F" if not completed within five weeks
P	(Passing)	Chapel grade only (not computed in grade-point
W	(Withdrawn)	Not computed in grade point average
S	(Satisfactory)	Not computed in grade point average
U	(Unsatisfactory)	0.0 grade points per semester hour
CR	Credit by Examination or Life Learning Credit (not

computed in grade point averages)

A student's **grade point average** (GPA) is figured each semester and cumulatively calculated. GPA is determined by dividing grade points earned by number of credit hours completed, less neutrals, plus failed courses.

OKWU Grading Scale

A = 100.00-93.00%	C = 76.99-73.00%
A- = 92.99-90.00%	C- = 72.99-70.00%
B+ = 89.99-87.00%	D+ = 69.99-67.00%
B = 86.99-83.00%	D = 66.99-63.00%
B- = 82.99-80.00%	D- = 62.99-60.00%
C+ = 79.99-77.00%	F = Below 60.00%

Incomplete Grades

An incomplete ("I") may be given when a student has done satisfactory work in a course but has been unable to complete all of the coursework because of an extenuating circumstance such as a severe and extended illness or a family situation that has resulted in the student's inability to complete all coursework by the end of the course.

For an Incomplete request to be granted, all of the following conditions must be met:

1. The instructor must confirm by signature that the student has completed at least 60% of the coursework at the time of the request (note: the term coursework refers to all activities associated with a grade).
2. The coursework completed before the request must be of a quality that would earn the student a passing grade in the course if that coursework were all that was required.
3. The request for an Incomplete must be made no earlier than 14 calendar days before the last day of the course and no later than 5:00 p.m. on the last day of the course.
4. The student must obtain signatures from the instructor, his or her academic advisor, the dean of the school through which the course is offered, and the dean of the student's major, if different from the dean of the school through which the course is offered.
5. The form must be submitted to the Registrar no later than 5:00 p.m. on the last day of the course. For a course that does not end on a regular business day, the Registrar must receive the completed form no later than 5:00 p.m. of the first business day after the course has ended. (Note that #3 above deals with due dates of the request, and this point deals with the due date for the completed request being submitted to the Registrar.)

If the request for an Incomplete is granted, the remaining work must be made up within five (5) full weeks of the end of the course for which the Incomplete was requested. If the work is not completed within the prescribed five (5) weeks, the Registrar will change the grade to an "F."

An Incomplete will not be granted for the purpose of redoing previously submitted work for the purpose of raising a grade.

Furthermore, students should note that they will need to contact their professor for information about making up submissions to online discussion forums that were missed. They should also note that instructors reserve the right to deny make-up related to online discussion forums since discussion forums are intended to foster dialogue with classmates who will no longer be engaged in a course once it has ended. Additionally, instructors reserve the right to refuse a student's contributions to group assignments and projects that were not submitted with the work from other group members.

English Progression Policy

Students must successfully complete (with a C- or better) ENGL 1613 Written Communications I within their first 9 hours. If students do not complete the course successfully, they will be re-

enrolled in the next offering (online or evening), and they will take this course instead of the one predetermined in their academic plan. Predetermined courses will be replaced with ENGL 1613 until the course has been completed successfully.

Repeated Course

Students may repeat courses according to the university's grade repeat policy. If a student repeats a course, the higher grade received will be used in computing the GPA. Both grades will remain a part of the student's permanent record. A student may not repeat courses that OKWU has discontinued or canceled, nor can courses be repeated after the student's degree has been awarded. If a student has transfer credit on the OKWU transcript and wishes to repeat the course, the course can only be repeated at OKWU, if applicable.

Academic Honors

All students who complete 12 or more credit hours for courses which bear grade points (i.e., for courses which give the following grades "A", "B", "C", "D", "F", or "U") are eligible for academic honors. Those who meet these criteria and whose semester GPA is 4.00 are placed on the **President's List**. Those who meet these criteria and whose semester GPA is between 3.50 and 3.99 are placed on the **Dean's List**. No student with an "incomplete" grade will be listed.

Satisfactory Academic Progress (SAP)

All students are expected to maintain a cumulative GPA and a term GPA of at least 2.0 to remain in good academic standing. If either GPA falls below a 2.0, the student will be placed on one of the following academic statuses. Individual schools may have higher academic standards that are program specific.

Early Alert Warning

This is not an official academic standing and is only used internally as way to identify students who may require academic support. The following scenario will result in a student receiving an Early Alert warning:

- A student in good academic standing whose successive term earns a GPA of less than 2.0 and whose cumulative GPA remains above a 2.0

A student shall be removed from Early Alert Warning and placed in good academic standing if his/her successive term GPA is above a 2.0 and whose cumulative GPA also remains above a 2.0.

Probation

The following scenarios will result in a student being placed on Academic Probation

- Probationally admitted students will be placed on Academic Probation in their initial term
- An Early Alert student who earns a term GPA below 2.0 in the successive term
- A student in good academic standing who earns a term GPA below 1.0 in the successive term
- A student in good academic standing whose cumulative GPA becomes less than 2.0

A student shall be removed from Probation and placed in good academic standing if his/her successive term GPA is above a 2.0 and whose cumulative GPA also remains above a 2.0.

Suspension

The following scenarios will result in a student being placed on Academic Suspension

- A student on Academic Probation who earns a term GPA below 2.0 in the successive term
- A student on Academic Probation whose cumulative GPA becomes less than 2.0
- A student who earns a 0.0 term GPA

A student who is academically suspended has the right to appeal his/her suspension if there are mitigating circumstances that prevented the student from making Satisfactory Academic Progress (SAP). The appeal must explain 1) why he/she failed to make SAP and 2) what has changed that will allow him/her to make satisfactory academic progress at the next evaluation. Any appeal should be made by submitting a detailed essay and supporting documentation for items 1 and 2 to registrar@okwu.edu.

Students who have two grades of "I" (Incomplete), or a combination of one "I" and one "F" will not be allowed to continue in the program until the grades of "I" are satisfactorily removed and/or the course in which grades of "F" were received are successfully retaken. In the case of two consecutive "F" grades, the student will be administratively withdrawn from his/her program.

Academic Grievance Process

Students who wish to appeal either a final course grade or the grade of a specific assignment or test should understand that appeals must be accompanied by evidence that

1. The grade issued by the instructor is not representative of the student's work, according to standards set forth in the course syllabus and/or specific assignment instructions, and/or
2. Assigned work and/or course instruction demonstrated egregiously ambiguous guidelines or an unreasonable departure from expectations expressed in the course syllabus, specific assignment instructions, or other pertinent instructional documents.

Students should expect any appeal that is not accompanied by the evidence outlined above to be automatically denied.

If a student believes he or she has produced the evidence noted above and therefore deems it appropriate to appeal a final course grade or an assignment or test grade, the grievance process outlined below must be followed:

1. A student who wishes to appeal a final course grade should seek a solution with the concerned instructor within two weeks of the posting of the final grade; a student who wishes to appeal an assignment or test grade should seek a solution within three business days of the professor recording the student's grade or returning the work to the student.
2. If there is no satisfactory resolution with the instructor, the review appeal must be made in writing to the Dean of the course to issue a ruling in writing to the student.
3. If that appeal is not satisfactorily resolved, the final appeal may be pursued with the Office of Academic Affairs. The Chief Academic Officer will seek a resolution or may refer the matter to an ad hoc committee on academic standards. The decision of the Chief Academic Officer, or the ad hoc committee if so empowered, is the final word in this grievance process.

Attendance, Absence and Class Participation

As an academic institution, Oklahoma Wesleyan University places the highest priority on learning. Class participation - whether online or in an evening face-to-face class - is an essential component of undergraduate and graduate learning. To ensure that the educational experience of all students is robust and constructive, students are expected to actively participate in classes. This includes engaging in class discussions and activities. Thus, although attendance is not tracked, active participation is a part of academic grading for all AGS courses.

Students who do not participate in class sessions should be aware of the academic or grading consequences. If a student's schedule hinders participation, the student is responsible for contacting his/her academic advisor for schedule changes. Students who are receiving financial aid should be aware of possible implications for their aid packages resulting from changes in registration or enrollment hours. Students are advised to consult the financial aid office and their advisor before failing to participate in a course, dropping a course, or withdrawing from a course once it has started.

Class Sessions

Evening program – A class session in the evening program is the designated time in which the course physically meets on campus. In the AGS evening program, class sessions normally occur once each week for 4 hours.

Online program – A class session in the online program is defined as a calendar week beginning on Monday, 12:01 am (Central Time) and concluding seven (7) consecutive days later on Sunday, 11:59 pm (CT).

Unofficial Withdrawal Policy

The enrollment verification process is designed to ensure clear reinforcement of the message that class attendance at OKWU is important. All students get the best possible opportunity for academic success by being present at the beginning of class.

If a student does not login and complete the survey within the first 7-day period for an online course or attend the first session for an on-ground course, OKWU will consider that student an unofficial withdrawal and OKWU will terminate the enrollment for that course. If there are consecutive courses where a student does not login and complete the survey within the first 7-day period for an online course or attend the first session for an on-ground course, OKWU will consider that student an unofficial withdrawal from the course and also from the university. A student who is unofficially withdrawn will have their tuition charges reversed; however, fees may apply. An unofficial withdrawal will likely impact the amount of financial aid that a student may receive.

For online classes, the withdrawal date will be the 7th day of the course. For an on-ground course, the withdrawal date will be the date of the first class session. If you are unable to attend the first session and intend to complete the course, you must contact your instructor or Academic Advisor. It is the student's responsibility to confirm attendance, participation, and classwork requirements. If you fail to attend the second session, you will be considered an unofficial withdrawal based on your failure to attend session one.

If a student fails to earn a passing grade for all courses within a term, this student will be reviewed to determine if he/she is an unofficial withdrawal. An unofficial withdrawal is defined by the Department of Education as a student who ceases to attend classes but does not officially withdraw. If after review, it is determined that the student is an unofficial withdrawal, the Office of Financial Aid may be required to recalculate your financial aid. This may result in a balance due on your student account.

Majors

Complete tables of course requirements for each major may be found in the appropriate academic section of this *University Catalog*.

Minors

Various schools have identified areas in which students may minor. Additionally, students may work out a customized minor with the appropriate Dean. If students elect to minor, they must complete a minimum of 18 hours.

Approval of Transfer Courses

To ensure that credit will be accepted, students pursuing a degree program at OKWU will need *prior* approval from their advisor and the Registrar for any courses taken at another institution after entering OKWU. Request for Approval of Transfer Course Forms are available on the Registrar's Office website at www.okwu.edu/registrar.

Course Substitutions

Substitutions require completion of the Course Substitution Approval form with all necessary signatures and course description if transferred from another college.

Directed Study Policy

Directed studies provide individualized educational experiences for students under the supervision of OKWU faculty members. Directed studies shall not be approved unless there is strong evidence that delay in taking a course would cause an academic hardship for the student. Due to the nature of some courses, not all courses will be available by directed study, nor is a professor obligated to teach via this method. Directed studies are only available to students who have a cumulative GPA of 3.0 or higher and may be granted only in very rare circumstances. Major program courses will not be available by directed study. The decisions concerning academic hardship and/or rare circumstances are at the sole discretion of the Dean of the School of the student's program of student, Dean of AGS Daily Operations, or, in the case of an online student, Dean of Online Learning.

Students taking courses by directed study will need to complete a directed study form with the assistance of the professor involved, provide a syllabus and pay tuition and the appropriate directed study fee. Directed studies must be approved by the dean of the school of the course being offered and by the professor prior to enrolling in the course. Directed study forms may be secured in the Registrar's Office. The Registrar's Office approves the assigned dates for any directed study and registers the student. Credit will be awarded only if all course requirements are fulfilled no later than one week past the assigned date on the registration form. If course work is not received by this time, the student will receive an F in the course.

Educational Partnership

Oklahoma Wesleyan University has entered into a variety of articulation agreements with colleges and universities. These partnerships will provide additional educational opportunities for currently enrolled and potential students. Detailed plans may be obtained from the Oklahoma Wesleyan University Registrar's Office.

Alternative University Credit

Alternative Credit Policies for Baccalaureate Students

Students may accumulate a total of 54 credit hours toward a baccalaureate degree from the following categories of non-traditional sources:

Category A: Life Learning Paper and Prior Learning Assessment (22 hour max.; general elective credit only)

Category B: Credit by examination, such as CLEP, DANTES, IBO, etc. (36 hours max.; general education and/or general elective credit only)

Category C: Military training (40 hours max.; general elective credit only)

Note: a combined maximum of 36 hours is allowed from categories A and B.

The final 24 hours of a baccalaureate degree earned at OKWU may include no more than 12 credits earned through CLEP examinations, departmental testing, and/or Life Learning Papers. Alternative credits are entered as neutral credits and have no impact on the GPA of the student.

Alternative Credit Policies for Associate Degree Students

Students may accumulate a total of 27 credit hours toward an associate degree from the following categories of non-traditional sources:

Category A: Life Learning Paper and Prior Learning Assessment (11 hour max.; general elective credit only)

Category B: Credit by examination, such as CLEP, DANTES, IBO, etc. (18 hours max.; general education and/or general elective credit only.)

Category C: Military training (20 hours max.; general elective credit only)

Note: a combined maximum of 18 hours is allowed from categories A and B.

The final 12 hours of an associate degree earned at OKWU may include no more than 6 credits earned through CLEP examinations, departmental testing, and/or Life Learning Papers. Alternative credits are entered as neutral credits and have no impact on the GPA of the student.

Standardized Examinations (AP, CLEP, DANTES, IBO)

Advanced course standing and University credit may be granted to fulfill a graduation requirement for students who pass the College Entrance Examination Board Advanced Placement Tests, CLEP Subject Exams, DANTES, and International Baccalaureate exams. For credit by examination scores to be included on an OKWU transcript, students must complete a minimum of 12 hours at OKWU with a minimum GPA of 2.0 and be in good academic standing. Standardized examination credits are entered as neutral credits and have no impact on the GPA of the student.

Inquiry concerning these tests should be directed to a high school guidance office or one of the following websites: www.collegeboard.com, www.dantes.doded.mil, or <http://www.ibo.org>. Students may also contact the OKWU Student Success Center (SSC) at 918-335-6209 or ssc@okwu.edu.

Students attempting to earn credit toward graduation by taking either CLEP, Dantes or IBO examinations must do so by the dates below. Contact Student Success Center (SSC) at (918) 335-6209 for information on scheduling these exams.

CLEP, DANTES and IBO Timetable:

Spring Graduates: October 1

Summer Graduates: December 1

Fall Graduates: March 1

Military Training

Military training recorded on a DD214 or Military transcript will be granted for elective credits. Inquiry concerning these records should be directed to <http://dd214.us/methods.html> for a DD214 and <https://jst.doded.mil/official.html> for a military transcript.

Life Learning Papers and Prior Learning Assessment

Requests for Life Learning Paper (LLP) and/or Prior Learning Assessment (PLA) credit must be submitted to the student's Advisor on the appropriate forms. Only current licensure, certificates, etc. will be considered for credit. The awarding of credit is limited to those academic and technical areas/subjects currently being taught by Oklahoma Wesleyan University at the time of the application submission. Requests for academic credit for subjects outside these areas will not be approved. An assessment fee is charged for each credit hour evaluated, awarded and placed on the student's transcript. Alternative credits are entered as neutral credits and have no impact on the GPA of the student.

Students seeking credit for either Life Learning Paper (LLP) or Prior Learning Assessment (PLA) must follow the timetable below in order to allow ample opportunity to evaluate these

applications for credit. Applications submitted *after* timetable deadlines will be evaluated, but final approval cannot be guaranteed before the expected graduation date.

LLP and PLA Timetable:

Spring Graduates: October 1

Summer Graduates: December 1

Fall Graduates: March 1

ACCESS Audit Program

For a minimal ACCESS audit program fee, individuals can enroll in any of the regularly scheduled courses on a non-credit basis. Students desiring to audit a Nursing course must petition the Nursing Faculty Council for approval before enrolling. This excludes private lessons, directed studies, and the laboratory portion of science courses. This option is open to anyone who can meet the University's admissions policy requirements. It allows individuals to pursue their intellectual, professional, and personal interests without having to be admitted to the University. Daily assignments may be done and exams may be taken, but they are not required, and the instructor is under no obligation to read or correct them. In order to receive credit for a course that has been audited, the course must be taken for credit in a subsequent semester.

Graduation Applications

Graduation applications will be provided to students prior to their graduation date during the second Academic Session. The application must be completed and returned to the Office of Adult and Graduate Studies for review and approval. The application must include a written plan for the completion of all required credit hours. The plan is tentatively approved by an Academic Advisor and forwarded to the OKWU Registrar for final approval. Without an approved plan to earn the necessary credits within an appropriate time frame, the Academic Advisor cannot forward the application form to the OKWU Registrar.

Each student must complete an application for graduation and submit a graduation fee according to the following schedule.

Fall term (October 28-March 2): Application due December 1

Spring term (March 3-June 30): Application due April 1

Summer term (July 1 – October 27): Application due August 1

This application indicates the student's intent to graduate and initiates the final evaluation of the student's academic record. **All accounts must be paid in full to receive a diploma and/or transcripts.**

While students are not required to participate in the graduation ceremonies, all students must submit a graduation application before conferral of the degree can be processed. Students will be considered eligible for graduation at the end of the last term enrolled and upon meeting all degree requirements.

Students who will not complete their requirements by the due date may contact their advisor to request a change in their degree completion date. A new application for graduation must be completed, and an additional graduation fee will be charged.

Residency Requirement

The completion of the last 30 semester hours must be earned in residence (i.e., taken from OKWU) to qualify for graduation from OKWU, at least 20 hours of the major and nine hours of the minor completed in residence; any exception requires special permission. Active duty service members may request a waiver of the last 30 semester hour requirement.

Graduation Requirements–Associate of Applied Science Degree in Technical Programs

The Associate of Applied Science degree is a cooperative program between Oklahoma Wesleyan University and a school with an articulation agreement in which students complete a minimum of 30 hours of general studies and OKWU grants a block of up to 30 credit hours for a concentration in an approved technical program. Degree requirements for this program are listed in the School of Arts and Sciences under the Science and Mathematics section.

The general requirements for the Associate of Applied Science degree include the following:

1. The completion of all general education and other courses as specified by the program with a cumulative grade point average of 2.0 or higher
2. The completion of at least 30 semester hours of general education courses: at least 15 hours of these general education hours must be taken at Oklahoma Wesleyan University, and up to 6 hours may be transferred in from another college-level institution
3. The completion of proficiencies required by the particular area of concentration
4. Approval of Faculty Council for the conferring of the degree

Graduation Requirements –Associate of Arts Degree

The general requirements for the Associate of Arts degree include the following:

1. The completion of all general education and other courses as specified by the program (see table) with a cumulative grade point average of 2.0 or higher
2. The completion of proficiencies required by the particular area of concentration
3. The completion of the last 15 semester hours of course work taken at Oklahoma Wesleyan University with at least 12 hours of the major completed in residence; any exception requires special permission. Active duty service members may request a waiver of the last 15 semester hour requirement.
4. Approval of Faculty Council for the conferring of the degree

Because OKWU views the liberal arts as the core of all University degrees, general education requirements have been established and listed within the specific degree program.

Graduation Requirements for Bachelor's Degrees

To earn a bachelor degree, students must satisfactorily complete the following graduation requirements:

1. A total of 126 credit hours with a minimum cumulative GPA of 2.0 for Business, Psychology, and Ministry programs and a minimum cumulative GPA of 2.5 for Nursing programs.
2. A total of 42-45 credit hours in an Oklahoma Wesleyan University major. A total of 30 hours for Organizational Management.
3. A total of 45 credit hours of general education requirements beyond those already completed in the major curriculum.
4. The completion of the last 30 semester hours of course work taken at Oklahoma Wesleyan University with at least 20 hours of the major (and nine hours of the minor) completed in residence; any exception needs to be requested prior to taking a course elsewhere. Active duty service members may request a waiver of the last 30 semester hour requirement.
5. After the major courses are completed, a student has five years to complete all other requirements for a bachelor's degree.
6. Payment of all tuition and fees.
7. Approval of the faculty.

Graduation Honors

Graduation with honors will be placed on the student's transcript and will be determined as follows for undergraduate degrees:

Cum Laude: a cumulative grade point average of 3.50 – 3.69

Magna Cum Laude: a cumulative grade point average of 3.70 – 3.89

Summa Cum Laude: a cumulative grade point average of 3.90 – 4.00

Only students whose course work is complete will have their honors announced during commencement exercises.

Participation in Commencement

Students will not be permitted to participate in Graduation ceremonies if there is a balance on their student account.

Graduation Dates

OKWU has three degree conferral dates each year for Adult and Graduate students, but only two graduation ceremonies. Students may participate in one graduation ceremony per OKWU degree completed. Students must be within six credit hours of degree completion with an approved graduation application and completion plan in place to be eligible to participate in a commencement ceremony. All degrees will be conferred at the end of the AGS term in which all degree requirements are completed.

- **Fall term conferral** — Students who complete degree requirements between October 28th and March 2nd are eligible for March 2nd degree conferral.
- **Spring term conferral** — Students who complete degree requirements between March 3rd and June 30th are eligible for June 30th degree conferral.
- **Summer term conferral** — Students who complete degree requirements between July 1st and October 27th are eligible for October 27th degree conferral.
- **May Commencement** — AGS commencement ceremonies are on the weekend of the second Saturday of May.
- **December Commencement** — AGS commencement ceremonies are on the weekend of the second Saturday of December.

Honorary Posthumous Degree Policy

Such degrees shall generally be unearned, nonacademic degrees recognizing the meritorious but incomplete earned work of a deceased student, generally a student who was deceased in the last semester of work. An honorary posthumous degree may be awarded to a student who dies while enrolled in a degree program of Oklahoma Wesleyan University, subject to the following conditions:

1. To be eligible, the student must have been enrolled in a degree program offered by the Oklahoma Wesleyan University and attending classes and actively pursuing and making progress towards a degree at the time of death, or between terms in such enrollment.
2. The student must not have been dismissed or suspended at the time of death.
3. The student must not have died while committing a felony (crime).
4. If the degree requirements for the student's intended degree are met, the intended degree should be awarded instead of the honorary posthumous degree.

School of Arts and Sciences

Welcome to the School of Arts and Sciences. The curriculum of the School of Arts and Sciences is the foundation upon which OKWU student educational experiences are built. Every student at OKWU, regardless of major, passes through the School of Arts and Sciences because most of the University's core curriculum is housed in this school. Skills in critical thinking, problem solving, and oral and written communication are developed, and instruction is provided in the liberal arts disciplines that are essential for intellectual development and personal growth: English and mathematics, the humanities, and the physical, biological, and behavioral sciences.

Students in the School of Arts and Sciences can choose from three departments, offering a variety of majors. Some of the degree programs in Arts and Sciences prepare students for professional employment while others prepare them for admission to professional and graduate schools.

Studies show that employers prefer applicants with strong written, verbal and critical thinking skills. For that reason, a degree in the Arts and Sciences is excellent preparation for the rest of life. Many of our degree options may be enhanced by a minor in another related or professional program.

The mission of the School of Arts and Sciences is to prepare students for Christian service through programs of study and other learning experiences that blend a liberal arts education with professional and career education. It is our great hope that the Christian values that support the academic community at OKWU will not only nourish our students' unique, individual lives, but also foster their development as leaders who will use their skills and character to address the needs and challenges of the larger world.

Department of Humanities

*Linking the creative inspiration of human beings with the plan of God,
through the activity of the Holy Spirit.*

Associate degree: General Studies

Mission Statement

In keeping with the mission of the University, the Humanities Department believes all human intellectual and artistic effort is to be viewed through the lens of the lordship of Jesus Christ. The Humanities Department strives, therefore, to offer courses and programs which give a strong foundation in the theory and practice of the disciplines of English Composition, Literature, Foreign Language, Visual Arts, and Music, as well as a Christian worldview which affirms the pursuit of truth and the value of self-expression through written, visual, and aural disciplines.

Statement of Purpose

The Department of Humanities has four general purposes: 1) to help students discover through critical inquiry the best of human thought and human creation by studying literature, art, architecture, and music; 2) to assist students in developing superior skills in written and oral communication; 3) to prepare students for careers which require some or all of these areas of liberal arts learning; and 4) to enable students to participate in their culture—shaping and contributing to it from a Christian perspective.

General Studies Program Objectives - Graduates of the General Studies Associate of Arts program should possess the following knowledge and skills:

1. Have a general understanding of the nature, achievements, and limitations of man and societies through studies in general education, including the following:
 - social and behavioral sciences
 - ministry and Christian thought
 - humanities (such as literature and the fine arts)
 - science and mathematics
2. Draw reasonable inferences from observations
3. Relate values to scientific and technological developments
4. Understand and avoid plagiarism, citing sources in proper format
5. Differentiate and organize ideas, concepts, and theories
6. Have developed a general understanding of a Christian worldview

Degree Requirements for Humanities Programs

Minimum Gen Ed Grade Requirement: A grade of a C- (70%) is considered a minimum passing grade for Written Communication 1 (ENGL 1613), and Written Communication 2 (ENGL 1813). Any grade below this minimum passing standard is considered a failing grade.

On the following pages are the lists of required courses for the programs offered by the Department of Humanities.

Associate of Arts in General Studies

This program is designed for working adults who may have acquired learning through college or university courses, career experiences, professional or military schools, and in-service training. This program option exists for adult students who do not wish to pursue a full baccalaureate degree, but who would benefit either personally or professionally from earning an associate degree. This degree also serves as an excellent foundation for various OKWU bachelor completion programs should the student wish to finish a bachelor's degree at some point in the future.

STEP Program Requirements

The STEP program is designed for adults who are admitted to the University with no college credits or with a limited number of transfer credits.

Students may earn an **Associate of Arts in General Studies** by completing the courses listed below for a minimum total of 60 credit hours. These 60 credit hours include the required general education credits, specific emphasis credits, and elective credits.

Alternatively, students may earn a baccalaureate degree by completing the courses in the STEP program and any remaining credits for a total of 126 credit hours. These 126 credit hours must include required general education credits, major courses in Business, Nursing (RN to BSN), or Ministry and Christian Thought, and any remaining elective credits.

Department of Science and Mathematics

Since God made the heavens and the earth, His invisible attributes, His eternal power and divine nature, have been clearly visible in His creation.
Romans 1:20

Associate degree: Technical Programs

Mission

In keeping with the institutional mission, the Department of Science and Mathematics uses classroom devotions, special courses, classroom discussions, and faculty participation in religious convocations (chapel) to encourage students and faculty to explore issues at the interface of the Christian faith and the various academic disciplines of mathematics and the natural sciences.

Statement of Purpose

The Department of Science and Mathematics provides a curriculum for baccalaureate degrees in Biology, Chemistry, General Science, and Mathematics and cooperates with the School of Education and Exercise Science to offer B.S. degree programs in Biology Education and Mathematics Education. The department also provides a number of courses in Biology, Chemistry, and Mathematics designed to meet the general education requirements, including prerequisites and electives for students majoring in other areas.

Department Goals

The goals of the Department of Science and Mathematics are the following:

1. To provide general education courses in mathematics and the natural sciences
2. To offer degree programs that will prepare a student for immediate employment or for further education
3. To provide opportunities for the integration of faith and learning

Departmental Objectives

Upon completion of the degrees offered by the Department of Science and Mathematics, students will demonstrate the following:

1. Knowledge of and the ability to use the concepts of their academic discipline
2. Appropriate skills in general and technical written and oral communication
3. An integration or synthesis of truth gained from both general education and major courses with their Christian faith and practice
4. Sensitivity to the ethical implications of the methods, technologies, and state of knowledge of their chosen major within the context of a Christian worldview.
5. An attitude of sincere respect for the Creator and His creation.

Degree Requirements for Science and Mathematics Programs

Minimum Gen Ed Grade Requirement: A grade of a C- (70%) is considered a minimum passing grade for Written Communication 1 (ENGL 1613), and Written Communication 2 (ENGL 1813). Any grade below this minimum passing standard is considered a failing grade.

On the following pages are the lists of required courses for the programs offered by the Department of Science and Mathematics.

Associate of Applied Science in Technical Program

This program is designed for working adults who may have acquired learning through an approved technical program. This option exists for adult students who do not wish to pursue a full baccalaureate degree, but who would benefit either personally or professionally from earning an associate's degree. This degree also serves as an excellent foundation for various OKWU bachelor completion programs should the student wish to finish a bachelor degree at some point in the future. The Associate of Applied Science may be achieved via the STEPs Program.

Department of Social and Behavioral Sciences

*O Lord, Thou has searched me and known me!
Thou knowest when I sit down and when I rise up;
Thou discernest my thoughts from afar.
Thou searchest out my path and my lying down,
and art acquainted with all man's ways . . .
For thou didst form my inward parts,
thou didst knit me together in my mother's womb.
I praise thee, for I am fearfully and wonderfully made.
--From Psalm 139*

Bachelor degree: Psychology

Minor: Psychology

Mission

The mission of the Department of Social and Behavioral Sciences is to promote the development of intellectual and emotional coherence, to promote the effective interaction of individuals with society and with their environment, and to promote the development of an appreciation of the heritage of the Western world.

Statement of Purpose

In keeping with OKWU's institutional purposes, the Department seeks to educate students to explore the interface between their academic discipline and the Christian faith, particularly in the historic Wesleyan tradition. This goal is pursued through the intentional integration of faith and learning in the departmental curricula (through discussions, writing assignments, devotions, and projects) as well as extracurricular lectures (by Christian leaders in Psychology, History, and Political Science). Ultimately, the Department seeks to equip students to contribute meaningfully to society in the areas of history, political science, and psychology and to be agents of change in the culture in which they live.

Program Objectives

Upon completion of the Psychology program, students should be able to

1. Demonstrate understanding of the various theories of human development, including biological, psychological, and sociological.
2. Demonstrate understanding of the various personality theories and major counseling approaches currently in use.
3. Demonstrate understanding of the categories of abnormal behavior and theories of etiology and treatment.
4. Demonstrate the ability to understand and critically evaluate the philosophical underpinnings of psychological theories including the perspective of a Christian worldview.
5. Demonstrate the ability to critically evaluate and produce scientific research in the behavioral sciences.
6. Demonstrate understanding of the various models and processes of integration of the behavioral sciences and Christian faith.
7. Demonstrate direct practice through classroom training and participation in psychology and social service programs while integrating a Christian worldview.
8. Demonstrate development of community relationships for academic enrichment, ongoing adult learning, and professional development.
9. Demonstrate development of self as a skilled helper through personal exploration and transformation through Christian sanctification and/or truth as contained in the Holy Scriptures and as directed by the Holy Spirit.

Degree Requirements for Social and Behavioral Science Programs

Minimum Gen Ed Grade Requirement: A grade of a C- (70%) is considered a minimum passing grade for Written Communication 1 (ENGL 1613), and Written Communication 2 (ENGL 1813). Any grade below this minimum passing standard is considered a failing grade.

On the following pages are the tables of required courses for the majors, minors, and associate degrees offered by the Department of Social and Behavioral Sciences. Please see School of Education and Exercise Science or social studies education major course requirements.

Chesapeake Energy School of Business

"Do you see a man skilled in his work? He will serve before kings . . ."
Proverbs 22:29

Communicate effectively. Think strategically. Lead with integrity.

Bachelor degree: Business Administration, Criminal Justice, and Organizational Management

Graduate degree: Master of Business Administration, Master of Science in Strategic Leadership
– See Graduate Catalog

Mission

The Chesapeake Energy School of Business at Oklahoma Wesleyan University is a community of scholar practitioners (students, faculty, staff and community) delivering excellence in business education. Grounded unapologetically in the Christian faith, the Chesapeake Energy School of Business exists to teach learners to communicate effectively, think strategically and lead with integrity. As a professional field within a Christian liberal arts University, the Chesapeake Energy School of Business seeks to advance the professional and academic competence of its students by balancing academic theory with practical application.

School Distinctives

The Chesapeake Energy School of Business offers a variety of majors that allow students to tailor their education to specific areas of interest. Since today's employers often select employees based upon specific skills, but promote for general skills, all Business School majors are designed with three components: (1) a strong foundation of general education courses, (2) a solid foundation of business "tool" courses which develop general business competencies, and (3) specialized study in a specific area of business that adds value to the degree by adding critical depth to the student's knowledge and skill levels. Classroom instruction, internship experiences, and co-curricular activities are designed to produce graduates who will become leaders in their chosen fields.

Accreditation

Oklahoma Wesleyan University has received specialized accreditation for its business programs through the International Assembly for Collegiate Business Education (IACBE), Olathe, Kansas. The business programs in the following degrees are accredited by IACBE:

- Bachelor of Science in Business Administration
- Bachelor of Science in Organizational Management
- Master of Business Administration (See Graduate Catalog)

The International Assembly for Collegiate Business Education (IACBE) is a specialized, professional accrediting body for business programs in student-centered colleges and universities throughout the world. The IACBE exists to promote, develop, and recognize excellence in business education. The IACBE's philosophy of accreditation is centered on student learning and operational outcomes, which makes it flexible and adaptable.

Program Objectives

OKWU's overall program objectives for all undergraduate business programs are an extension of the mission of the Chesapeake Energy School of Business.

Graduates of OKWU's undergraduate business programs will be able to do the following:

1. Demonstrate the ability to apply theoretical concepts to actual business situations and utilize critical thinking and decision-making skills to identify, analyze, and develop practical solutions to management problems in an increasingly global environment
2. Express ideas clearly, concisely, and logically, through effective speech, written communication, and interpersonal human relations skills
3. Integrate management ethics—based on a Christian worldview—into the functions and processes of management
4. Develop a base of knowledge and/or a range of skills that demonstrate mastery of modern business, financial, management, and economics concepts, including the formulation and implementation of strategic business policy
5. Demonstrate capabilities to be a business professional in for-profit, non-profit, and governmental organizations

Criminal Justice Program Objectives

Upon completion of the Criminal Justice Degree Program, students should be able to

1. Demonstrate a broad understanding of the legal, political, and socio-economic factors that affect the criminal justice system and its participants.
2. Demonstrate understanding of the history, organization, and role of police in society.
3. Explain how the Christian worldview and the secular worldview inform one's understanding of the origins of rights and laws and how each worldview may lead to different outcomes within the criminal justice system.
4. Demonstrate understanding of the origin, evolution, and application of criminal law.
5. Demonstrate understanding of how justice is administered through the court system.
6. Demonstrate a general understanding of criminal procedure.
7. Demonstrate understanding of theories and causes of crime and how crime impacts social structures.
8. Demonstrate an understanding of and be able to discuss the complexity of certain issues within the criminal justice system.
9. Demonstrate competency in oral communication/presentational skills.
10. Demonstrate understanding of strategies used for gathering information in the pursuit of justice.
11. Demonstrate competency in the technical and professional skills necessary for gathering information in the pursuit of justice.
12. Demonstrate the written-communication and critical-thinking skills necessary for criminal justice professionals.
13. Demonstrate understanding of the impact that crime has on victims and society.

Bachelor of Science in Criminal Justice

The Bachelor's degree program in Criminal Justice can empower students to meet the challenges facing those pursuing a career in law enforcement as well as developing critical skillsets for current law enforcement professionals seeking promotion. Our Criminal Justice program has been carefully crafted to provide students with a well-rounded core understanding of criminal justice concepts through courses such as criminal law and the court system, evidence and procedure, victimology, ethics, asset security, and more. Furthermore, our Law Enforcement Emphasis is uniquely constructed to facilitate both those students desiring to enter the field of law enforcement as well as serving current law enforcement officers desiring to improve their career opportunities. Those entering the law enforcement arena will gain practical skills through courses such as Patrol Tactics, Gangs and Crime, and Domestic Intervention. For the experienced law enforcement professional, our program offers career-enhancing courses such as Contemporary Issues in Criminal Justice, Training and Development, Organizational Problem Solving, and conflict resolution. Furthermore, our degree program integrates God's love for all humanity and the value of all individuals.

School of Nursing

*Preparing professional nurses to be Christ's hands and heart,
To touch the world one person, family, and community at a time*

Bachelor degree: Nursing

Graduate degree: Master of Nursing – See Graduate Catalog

Mission:

In concert with the mission of OKWU, the School of Nursing seeks to enhance scholarship, lifelong learning, and Christian discipleship, while fostering in students the desire to live out lives of service to both God and man. In particular, the School of Nursing seeks to inspire unselfish service to humanity and to develop the personal and professional integrity of nurses based on Christian ethics and an appreciation of the Christian faith as a basis for the interpretation of nursing knowledge.

School Distinctives:

The School views nursing as a complex, dynamic, goal-oriented discipline utilized in a variety of settings to assist clients in achieving and maintaining optimal health as defined by the client. The School also believes that the unique role of the nurse is to incorporate science and art to protect and promote health for the client. While science provides an empirical knowledge base, art is the process by which the nurse applies values in using that knowledge.

Throughout OKWU's nursing program, the nurse is seen as a purposeful, self-directed individual who assumes responsibility and accountability to self, client, society, and God. Modeling the example of Jesus Christ, nurses apply His values in the protection and promotion of health by utilizing primary, secondary, and tertiary prevention.

Conceptual Framework of the OKWU Bachelor of Science Degree Nursing Program

The conceptual framework used in the BSN Program consists of four components. A diagram of the conceptual framework appears in this section and is explained in detail on the following pages.

The **first component** of the conceptual framework is the use of the Neuman Systems Model of Nursing. It is based on systems theory, stress theory, adaptation theory and a holistic approach to client care. The Nursing Process is utilized to address client needs and their attainment of optimum health. A brief overview of the models is presented below.

Basic Concepts and Focus of Neuman Systems Model

Betty Neuman's Systems Model is based on systems theory, as well as stress theory, adaptation theory and holistic approaches to clients and their care. A system is one in which there is a continuous flow of input and process, output and feedback. In Neuman's Model, the parts, subparts and their interrelationship for an individual are viewed as a complete and open system.

The client, as an open and whole system, is then subject to the effects of stressors from the intrapersonal, extra personal and interpersonal environment. Neuman's Model focuses nursing care on the client's reaction to these stressors. The individual is viewed as a whole system with a basic structure that consists of five variables or subsystems: physiological, psychological, sociocultural, developmental and spiritual. These five variables are seen as open systems in dynamic interaction with the environment of the individual.

Stressors from the three areas of environment (intrapersonal, extrapersonal and interpersonal) create an adjustment process in each individual, with any stressor being potentially capable of causing disequilibrium that would move the client toward instability or illness on the wellness-illness continuum.

Nursing Process and Intervention

In Neuman's Model, nursing care begins at any point where a client stressor is identified. Nursing Interventions are purposeful, goal-directed and aimed at maintaining, attaining or regaining client system stability and thus promoting optimal wellness for the client. Nursing Process includes, nursing diagnosis, planning goals and outcomes, and nursing intervention. Nursing intervention is categorized as primary (preventive), secondary (supportive), and tertiary (rehabilitative) nursing action based on the degree of client reaction at the time of intervention.*

*Neuman, Betty. The Neuman Systems Model, second edition (1989), Norwalk CN: Appleton and Lange, Chapter 1.

The **second component** of the conceptual framework is the guiding values and ethics of the Christian Faith. The conceptual framework is viewed through the lens of the Christian Worldview and the areas that collide with this view. These five areas, referred to as "Collision Points", focus on the following four areas:

- Accountability in delivery of nursing care
- Advocacy for vulnerable patients
- Spiritual/cultural competency
- Fairness in delivery of care
- Ethical decision making

The **third component** of the conceptual framework is the OKWU concepts of person, nursing, health, environment, and nursing education. These concepts further demonstrate the OKWU Christian Values and Ethics that provide a strong foundation for our view of Nursing and Nursing Education.

Concept of Person

We believe God created persons in His own image as complex, holistic beings with innate dignity and worth. Each person possesses intellect and, by the grace of God, independent thought and will, a conscience, an eternal spirit and the capacity for self-determination.

Each person is a unique combination of physical, psychological, sociocultural, developmental and spiritual systems continually interacting as a whole with the environment. Any change in one system affects the whole.

Persons are individualized by their sociocultural backgrounds and physical, psychological and spiritual capacities. They do not exist alone, but as members of families, groups and communities, which for the nurse, constitute the client system.

Concept of Nursing

Nursing is a complex, dynamic, goal-oriented service profession utilized in a variety of settings to assist clients in achieving and maintaining optimal health as defined by the client. The unique role of the nurse is an incorporation of science and art to protect and promote health for the client. While science provides an empirical knowledge base, art is the process by which the nurse applies values in using that knowledge.

The nurse is a purposeful, self-directed person who assumes responsibility and accountability to self, client, society and God. Modeling the example of Jesus Christ, nurses apply His values in the protection and promotion of health by utilizing primary, secondary and tertiary prevention.

Utilizing information from numerous sources, the professional nurse designs, coordinates and manages the health care of individuals, families, groups and communities through a process of assessment, diagnosis, planning, implementation and evaluation. This nursing process enables clients to attain optimal health, which for some is a peaceful death. The nature of the nurse-client interaction depends on the degree of disruption within the client system.

The nurse also recognizes his/her role as a member of a profession incorporating professionalism into practice; identifying with the values of the profession; working toward personal and professional development; and advancement of the profession as a whole.

Recognizing that research comprises another vital aspect of professional responsibility, the nurse utilizes disciplined inquiry to generate and test theory and to evaluate care toward the improvement of nursing practice.

Concept of Health

Health is viewed as a dynamic process defined by persons within the context of their own values and cultures. It is viewed on a wellness-illness continuum ranging from wellness (stability) to illness (disequilibrium) and is the degree of personal wellness that exists at any point in time. It is a state of physical, mental, emotional, social and spiritual harmony, and not merely the absence of disease and disability. Client systems have the adaptive ability to meet changes in their environment in order to maintain a state of harmony or wellness.

Health for the community is a state of harmony within all sectors of the system. Community health is a part of overall community development, a process enabling a group of people to grow in their capacity to exercise control over their own quality of life, according to God's purpose, through the good use of material, interpersonal and spiritual resources. The responsibility for health extends beyond the confines of the traditional health professions. Individuals, families and communities are full partners in the promotion of community health.

Concept of Environment

The environment consists of all internal and external factors and influences surrounding the individual. The person and environment exist in a reciprocal relationship, with the person influencing or influenced by the environmental stressors at any time.

Concept of Nursing Education

Learning is a dynamic, lifelong process unique to each person. In this process, the clients learn to evaluate previous patterns of thinking and behavior while becoming receptive to new alternatives. A willingness by the learners to take initiative and assume responsibility fosters the learning process and assists each learner to develop his/her potential for achievement.

Learning experiences are designed to facilitate the student's integration of theoretical knowledge with relevant, practical application. Students are mutually responsible for the educational process in partnership with faculty. The faculty are primarily facilitators of learning who encourage students to assume responsibility for their own learning. The learning process is strongest when student involvement is high, the goals of learning are clear, and the student has the opportunity to apply new knowledge.

The goal of baccalaureate nursing education at OKWU is to prepare nurse generalists with knowledge of biological, physical, social and behavioral sciences, enhanced by a background in the humanities and the Christian faith. Christian faith and Biblical philosophy provide a foundation of truth and basis for interpreting knowledge. Standards of nursing education at OKWU are high, continually reflecting current nursing practice as well as moral and spiritual standards of behavior.

A unique aspect of Christian nursing education is the refinement of knowledge regarding the spiritual dimension of client care and a focus on the whole person as a thinking, feeling, and believing individual. This, along with a broad general education contains the theories, facts and principles basic to nursing knowledge, which must be applied with, reasoned judgment, interpersonal skills, and technical competence in assisting clients to achieve their goals for health. The generalist has sufficient education to pursue graduate nursing studies.

The **fourth component** of the conceptual framework is the delineation of the essential knowledge, values and professional behaviors expected of a baccalaureate nursing graduate as published by the American Association of Colleges of Nursing (ACCN), *The Essentials of Baccalaureate Education for Professional Nursing Practice*. It is from these *Essentials* that the four Program Outcomes were derived.

1. Synthesize liberal educational and core nursing knowledge
2. Exhibit the value-based behaviors of a professional nurse
3. Demonstrate proficiency in core nursing competencies
4. Function in the roles of a professional nurse

Within these *Essentials*, the roles of the professional nurse provide an organizing framework throughout the curriculum. The roles are:

- Provider of direct and indirect care to individuals, families, groups, communities and population
- Designer, manager, coordinator of care
- Member of a Profession

The definition and scope of each of these roles are presented below:

Provider of Care

Nurses are providers of care. In this role, nurses are patients' advocates and educators. Historically, the nursing role has emphasized partnership with patients, whether individuals, families, groups, or communities, in order to foster and support active participation in determining health care decisions. Patient advocacy is, and will continue to be, a hallmark of the professional nursing role, and requires that nurses deliver high quality care, evaluate care outcomes, and provide leadership in improving care.

Nurses learn to know patients within a professional context of privileged intimacy. Nurses recognize that clinical judgments have as much to do with values and ethics as they do with science and technology (AACN, October 1997). Nurses must be prepared for the numerous ethical dilemmas that will arise in practice and must be able to make and assist others in making ethical decisions within a professional ethical framework. Understanding advances in science and technology and the influence these advances have on health care and on individual well-being is essential. Understanding patients and the values they bring to health care relationship is equally important.

Nurses provide care to an increasingly diverse population. Essential to the care of diverse populations is enhanced knowledge and sensitivity to such variables as age, gender, culture, race, religion, socioeconomic status, and lifestyle choice. Nurses must be well prepared to care for the aging population and to help all individuals and families make decisions about life-extending technologies and treatments within the context of their values, as well as physical, emotional, and spiritual health parameters.

Nursing practice is holistically based and incorporates bio-psycho-social and spiritual aspects of health. They must recognize the important distinction between disease and the individual's illness experience. Helping patients understand this distinction is an important aspect of nursing. In addition, nurses recognize that determining the health status of the patient within the context

of the patient's values is essential in providing a framework for planning, implementing, and evaluating outcomes of care.

Nurses provide care in and across all environments. Nurses focus not only on individual- level health care, but also manage, monitor, and manipulate the environment to foster health. Nursing care requires knowledge and skill in biotechnology and information technology as these relate to direct nursing care, health education, and the management and coordination of care.

Designer/Manager/Coordinator of Care

Nurses are designers, managers, and coordinators of care. Nurses must have the knowledge and authority to delegate tasks to other health care personnel, as well as supervise and evaluate these personnel. As health care providers who function autonomously and interdependently, nurses are responsible for professional identity and practice. Nurses are members of health care teams that deliver treatment and services in an evolving health care system. Nurses bring a unique blend of knowledge, judgment, skills, and caring to such teams. Self-awareness and self-evaluation are utilized to enhance professional relationships and improve communication.

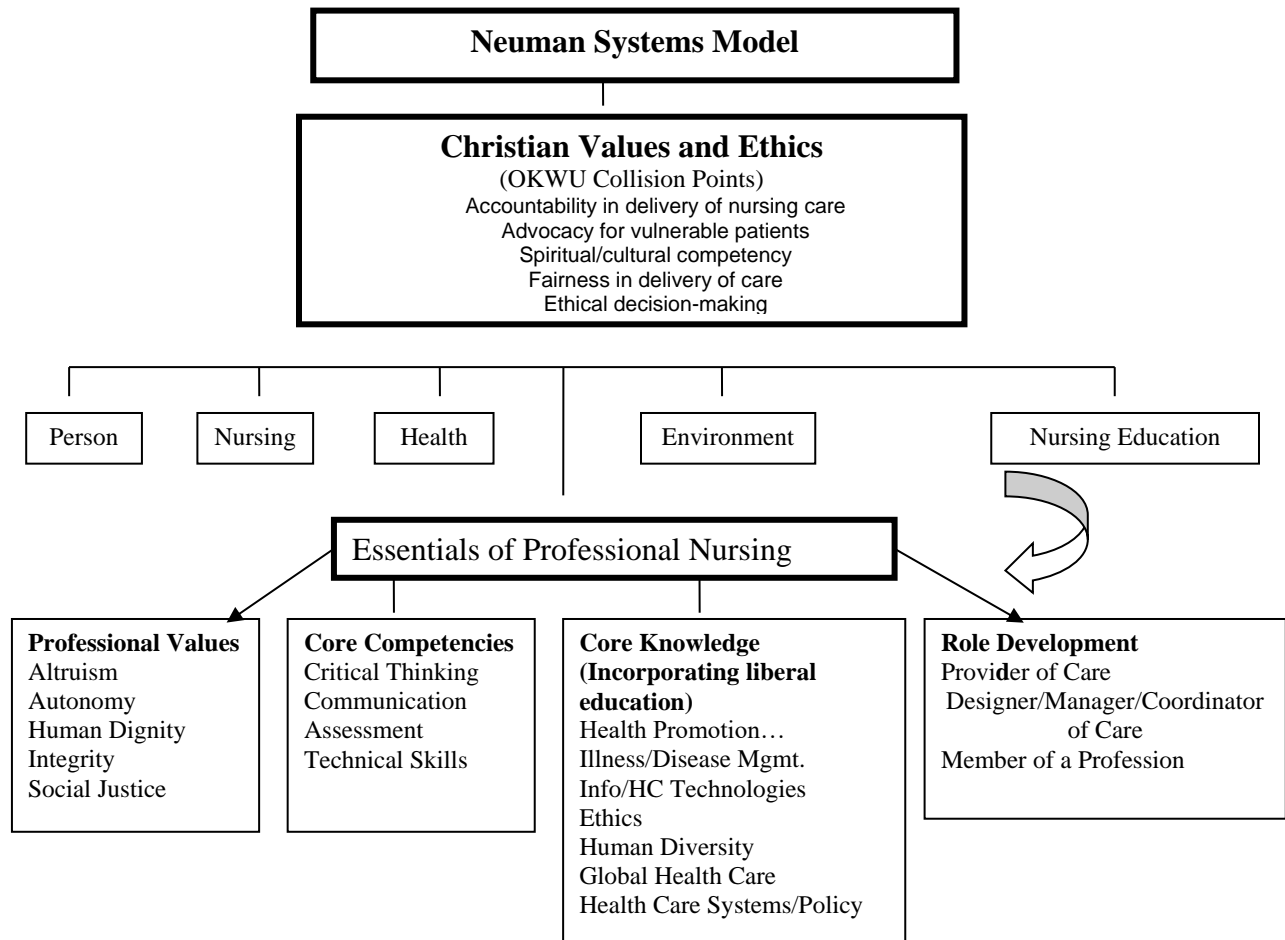

This role, nurses must also be information managers. As patient advocates and educators with state-of-the-art knowledge, nurses help patients acquire, interpret, and utilize information related to health care, illness, and health promotion. Health information available to patients is often overwhelming or confusing; nurses serve as information managers, assisting patients in accessing, understanding, evaluating and applying health-related information. Nurses also must be able to utilize research findings documenting the outcomes of care in designing and implementing care that is both of high quality and cost-effective.

Member within the Discipline of Nursing

Nurses are members of a profession. The use of the term professional implies the acquisition and use of a well-delineated and broad knowledge base for practice. Professional nursing requires strong critical thinking, communication and assessment skills, and the demonstration of a balance of intelligence, confidence, understanding and compassion. Membership in the profession requires the development and acquisition of an appropriate set of values and an ethical framework. As advocates for high quality care for all individuals, nurses must be knowledgeable and active in the political and regulatory processes defining health care delivery and systems of care. Nurses also must be committed to life-long learning and be willing to assume responsibility for planning their professional careers, which increasingly will include graduate study as the route to advancement.

In summary, while the context and scope of nursing practice is changing significantly, the role of beginning professional nurse continues to encompass these roles.

Accreditation and Memberships

The baccalaureate degree in nursing at Oklahoma Wesleyan University is accredited by the Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org>). The School is a member of the American Association of Colleges of Nursing.

RN-BSN Completion Program

The RN-BSN Completion Program is designed to provide accessible continuing education for practicing RNs who already possess a foundation in nursing science and practice and who have the desire to advance their personal and professional development. Building on that foundation, OKWU prepares professional nurse generalists to provide service and leadership in nursing care and to protect and promote health for people throughout the life cycle in various settings. The program is based on the belief that nursing education is a life-long process and that students are mutually responsible for the education process in partnership with faculty. The RN-BSN faculty seeks to interweave knowledge with personal experience and faith, to integrate nursing theory with practice, and to promote student self-awareness.

The complete course graduation requirements are listed below. Because this is a completion program, however, it is designed for the practicing RN who has successfully completed 60 hours (or more) of college credit. (Applicants with a Diploma from a hospital school of Nursing may transfer in 40 credit hours). Therefore, only the courses listed in the major requirements portion of the table are offered in a lockstep sequence.

Admission to the RN-BSN degree completion program requires a college GPA of 2.5, an unencumbered valid RN license, and an Associate Degree with a major in Nursing from a regionally accredited institution with at least 60 transferable college credit hours. (Applicants with a Diploma from a hospital school of Nursing may transfer in 40 credit hours).

RN-BSN students with a GPA of 2.3 to 2.49 may be admitted on academic probation. To be eligible to meet the RN-BSN graduation requirements, students admitted on academic probation must achieve a high enough GPA to raise his/her cumulative GPA to the 2.5 cumulative GPA required for graduation. Therefore within the student's first 12 hours at OKWU, an average GPA of 3.0 must be achieved. Failure to meet this standard may result in dismissal from the program. Additional course progression standards apply.

RN-BSN applicants must either own or have ready access to a computer and have basic computer skills.

Progression Requirements for Nursing Program

The following are the requirements for continuing in the RN-BSN program:

- The Nursing program is designed in a lock-step sequence. If a 2.0 is not achieved for each individual major course, the student must repeat the course before progressing to the next course.
- Students whose cumulative GPA falls below 2.5 will be placed on academic probation for the next term.
- It is the student's responsibility to maintain current RN licensure for the duration of the nursing program, including in the state in which they are implementing their Experiential Learning Clinical (ELC). Any change in licensure status, such as transferring to another state, lapse in license or disciplinary action taken against the student's nursing license must be reported to the School of Nursing within 2 weeks of licensure lapse or disposition of formal disciplinary action. All cases of disciplinary action against the student's license after admission to the program will be evaluated on an individual basis by the Nursing Faculty Council.
- Students must comply with the program attendance policies to continue in the program.
- Students who are unable to achieve a 2.0 in any two Nursing courses will be suspended from the Nursing program.
- A Nursing course may be repeated only one time. Any student who fails to meet the progression grade requirement for two Nursing courses may not continue in the program of Nursing.

The School of Nursing reserves the right to request the withdrawal or dismissal of any student who in their judgment, fails to satisfy the nursing requirements of safety, responsibility, accountability, and academic honesty.

Nursing courses in the BSN and RN-BSN programs are scheduled in a sequence of major course requirements. Completion of this sequence fulfills the minimum requirement for the major. Each course is a required component of the program and must be taken in sequence. The curriculum is designed with a lockstep framework are logically organized, and not only build on one another but continue to support the curriculum strands throughout the program. In doing so, the curriculum facilitates student achievement of expected outcomes. The University reserves the right to modify the scope and sequence of the curriculum as necessary.

Degree Requirements for Nursing Programs

Associate degree: Christian Ministry

Bachelor degree: Ministry and Leadership

Continuing Education: CROSS Training for The Wesleyan Church

Mission Statement

The School of Ministry and Christian Thought has two main purposes: 1) to teach ministry and Christian thought courses generally for all students of Oklahoma Wesleyan University and particularly for students majoring in ministry and 2) to prepare persons for specific ministries in the church. Therefore, the School of Ministry and Christian Thought is committed to the belief that twenty-first century ministry requires a Holy Spirit-driven mission accompanied with an eye on the future and a passion to call the people of the world to Christ. As well, the challenges of our world mandate continuous missional renewal.

While it is the duty of all OKWU Academic Schools to assist in the development of the spiritual life of students, the School of Ministry and Christian Thought is dedicated to help build campus spiritual life by providing guidance for students and faculty in Christian ideas and ideals. The School also desires to prepare students who are seeking ordination for (and to encourage them to pursue) a seminary education or another relevant graduate degree.

School of Ministry and Christian Thought Distinctives

Homiletic Expertise

One of the hallmarks of The School of Ministry and Christian Thought that is recognized throughout The Wesleyan Church is its ability for equipping students with outstanding preaching skills.

Associate of Applied Science in Christian Ministry — Oklahoma Wesleyan University has articulation agreements with RHEMA Bible Training Center and Victory Bible Institute which facilitates student ability to transfer from these schools into an Associate of Applied Science degree program at OKWU. Upon successful completion of 30 transferable hours from one of these institutions, a minimum of 30 hours of general education and at least 0-3 hours of electives from OKWU, students will receive an Associate of Applied Science in Christian Ministry degree from OKWU.

Degree Requirements for Ministry and Christian Thought Programs

Minimum Gen Ed Grade Requirement: A grade of a C- (70%) is considered a minimum passing grade for Written Communication 1 (ENGL 1613), and Written Communication 2 (ENGL 1813). Any grade below this minimum passing standard is considered a failing grade.

Exit Exams are a graduation requirement.

Progression in the School of Ministry and Christian Thought

If a student is placed on probation (see pg. 44), they may appeal to the Dean of the School of Ministry and Christian Thought, the Associate Vice-President of Academic Affairs and ultimately the Provost of the University.

The following pages provide the lists of required courses for the majors, minors and other programs offered by the School of Ministry and Christian Thought.

**School of Ministry and Christian Thought Programs
Offered in Partnership with other Institutions
Associate of Applied Science in Christian Ministry
RHEMA Bible Training Center and Victory Bible Institute**

Oklahoma Wesleyan University, RHEMA Bible Training Center, and Victory Bible Institute (VBI) are committed to providing high-quality educational programs to residents of northeastern Oklahoma. They recognize that a diversity of institutions and educational programs enrich the educational resources of the community. Because they have different but complementary missions, they are well suited to establish a partnership for the benefit of the students they serve. These institutions, therefore, have entered into articulation agreements which will allow students to earn an Associate of Applied Science in Christian Ministry from OKWU.

After the student has completed 12 OKWU credit hours, Oklahoma Wesleyan University will transcript up to 30 credit hours for completion of approved RHEMA Bible Training Center or Victory Bible Institute courses. At least 24 hours of general education must be taken at Oklahoma Wesleyan University, and up to 6 hours may be transferred in from another regionally-accredited institution.

Course Numbering Key

The first digit of each four-digit course number indicates the year in which the course is normally taken. A 1000 course number is normally taken in the freshman year; a 2000 course number is normally taken in the sophomore year. A 3000 or 4000 course number is normally taken once students have achieved upper division status. The fourth digit (2103) identifies the number of credit hours the course carries. If a course includes a laboratory period or clinical experience, the number of laboratory hours per week is stated separately. Special topics courses are available, which provide opportunity for students to have educational experiences not involved in the regular sequence of courses. The special topics may be offered only once on a four or five year sequence or may be offered on an infrequent basis. These courses may be offered for any of five levels: 0900-remedial level; 1900-freshman or introductory level; 2900-sophomore level; 3900-upper division, junior level; 4900-upper division, senior level.

Course Availability

Not all courses are available to all students. Students need to refer to Degree Requirements for their major to determine which courses are needed. Further details on course offerings can be found on WebAccess (<https://webaccess.okwu.edu>) by searching Catalog and/or Sections by term.

Presents an overview of professional nursing in the contemporary health care system, including trends and issues that influence the practice, education, research, social, and political aspects of professional nursing. Includes content related to role theory, change theory, and political advocacy.

NURS 3313 Theoretical Foundations of Nursing

Designed to acquaint the practicing nurse with theory-based, research-supported nursing care within a Christian framework. Includes historical, economic, technological, and legal influences on the nursing practice and on health care. The Neuman Systems Model of Nursing will be presented as a framework for nursing care and practice.

NURS 3613 Nursing Informatics & Tech Resources

This course provides the student with an understanding of basic skills in computer application software. In addition, the course is designed to provide an introduction to information systems in the health care setting and web-based technology. Students will be provided an opportunity to acquire skills necessary to use computers in both nursing practice and research. The focus will be on the use of computers in client care applications, nursing information systems and web-based research. Theoretical concepts from information science will be incorporated with nursing science throughout the course. Use of APA format will also be presented.

NURS 3713 Spiritual Care of the Client

Designed to prepare the nurse to care for patients who are experiencing spiritual distress. Emphasis is placed on understanding and incorporating a Judeo-Christian approach in planning spiritual care while being sensitive to patients' cultural beliefs and preferences. Students will also learn how to evaluate spiritual care practices currently advocated within the nursing profession by using a Judeo-Christian decision-making model.

NURS 3723 Nursing Ethics Seminar

Ethical theories and related topics will be presented as a foundation for personal values clarification and ethical decision-making within the nursing profession. Designed to foster ethical development and effective analysis of issues based on a Biblical perspective; this course will enhance the professional nurse's ability to apply ethical principles in practice.

NURS 3813 Pathophysiology

Concepts of pathophysiology will be presented as practicing nurses study the relationships between holistic persons and their environments in times of physical stress. (Note: This course is a graduation requirement, but is not scheduled as part of the RNBSN major sequence.)

NURS 4324 Nursing Research

Provides an introduction to the basic elements of the research process. Designed to assist the nurse in becoming a critical consumer of nursing research, in developing an appreciation for the contribution of research to improvements of nursing practice, and in becoming familiar with statistical methods and terminology. Includes opportunities to critique nursing research and develop a mini research proposal of significance to nursing.

NURS 4433 Intercultural Nursing

Designed to provide the practicing nurse with tools for effective delivery of health care to clients from different cultures. A practical, integrative experience with another culture may be achieved with a racial or ethnic subculture, or with a group of individuals with characteristics that differ significantly from those of the dominant American culture.

NURS 4534 Community Health Nursing

A focus on the community as a client. Explores factors influencing the health of the community and the role of nursing in promoting community and public health from the local to the international level. Experiential Learning Clinical (ELC) required.

NURS 4643 Health Promotion Across the Lifespan

This course considers family patterns, health and social issues, and the needs of family members from the prenatal period through older adulthood. Emphasis is placed on the nurse serving as an interdisciplinary team member to assess needs of clients and design developmentally appropriate methods of promoting and maintaining health. This course includes an Experiential Learning Clinical (ELC).

NURS 4654 Health Assessment for Nursing Practice

This course is designed to enhance nursing knowledge and cultivate health assessment and physical examination techniques for the professional nurse. Emphasis is placed on the nurse performing a holistic and comprehensive assessment of the adult client. This course includes an Experiential Learning Clinical (ELC).

NURS 4934 Management in Nursing

The final capstone course, designed to develop leadership and management skills for practicing nurses. Considers dynamics and management of individual, group, and organizational behavior. Examines issues in management, power and conflict resolution, work stress, discrimination, group dynamics, organizational change, and other topics. Christian Worldview Core Learning Clinical (ELC) required.
